MISSIONARIES ARE BLAMED BY JAPS FOR KOREA COUPS

Sato In Counter-Charge Against Critics Of Methods

ADMITS WRONGS

Says Innocent Must Suffer With Guilty To End Uprising

(Reuter's Pacific Service)

Tokio, Dec. 5.—The following statement has been issued by Major General Sato on behalf of the Japanese War Office, in reply to charges brought by missionaries of Japanese atrocities in the Chientao district. The statement is issued textually as received.

Speedy executions and burning of houses have been rendered necessary, because the Chinese expressed anxiety that the Japanese shall accomplish their task of stamping out outlawry and Korean plots as speedily as possible and then withdraw.

MUST ACT QUICKLY

The very nature of the task requires either a slow, deliberate procedure or a quick dash, smashing the centers of trouble, regardless of the fact that some innocent persons probably suffer.

It is a coincidence that many of the plotters who have been executed were Christians, but the plotters in many cases ally themselves with the Missions for the sake of the security thus afforded.

The missionaries who are now accusing the Japanese troops of cruelty are themselves the cause of the tragedy. I regret that Koreans are not alive to the fact that their real grievance is against these mischief-making missionaries. Japan allows full religious liberty, but cannot allow treason which threatens to undermine the foundations of the empire.

CALIFORNIA CAMOUFLAGE

(Reuter's Service)

Boston, Dec. 4.—Mr. F. S. Brockman, General Secretary of the International Committee of the Y. M. C. A. for the Orient, declared, in the course of a speech, that the agitation in Japan in regard to the California land legislation was merely a trick by Japanese militarists to divert America's attention from the steady program of expansion in Asia which was Japan's real purpose.

He said 90 percent of the educated youths in Japan were opposed to extreme militarism, and would be willing to liberate Korea, and to withdraw from China or Manchuria.

SOCIALISTS DROWN ON WAY HOME FROM RUSS CONFERENCE

(French Wireless Service)

Paris, Dec. 1 (delayed).—Three members of the French Socialist party have been drowned in the wreck of a small sailing vessel, in which they were returning to France from Russia, where they had attended the Communist International Congress.

Pancho Villa Is Wounded; Obregon Safe, Is Message

(Reuter's Service)

Paris, December 5.—The Mexican Legation denies a report that General Obregon has been assassinated, but says that an attempt was made to assassinate General Villa, who was seriously wounded.

New Commander For British Force In China Named

(Reuter's Service)

London, Dec. 4.—The appointment is gazetted of Major-General Sir George Kirkpatrick as General Office Commanding in China.

Sir George Kirkpatrick was Inspector-General of Military Forces in Australia from 1910 to 1914. From 1914 to 1916 he was Director of Military Operations in India, and since then he has been Chief of the General Staff of the Indian Army.

Port Of Ichang Is Again Quiet

Ichang, the Yangtsze port that was looted and set in flames a week ago by mutinous soldiers who held undisputed possession of the city for several days after the outbreak, is again quiet, according to the messages that were received here yesterday. The following message came from the Standard Oil Company's Ichang agent to the compahy here:

"No further trouble. Ichang Chamber of Commerce has agreed to pay $100,000."

Earlier reports estimated that about 60 lives of Chinese were lost in the uprising while shops were being looted. Information received indicates that the Japanese residents were the heaviest losers and reports sent to the Japanese Legation say that 14 out of 24 Japanese residences and shops were looted. One of these places was the office of the Nippon Kissen Kaisha. No foreigners lost their lives, but a number of Japanese were injured.

British, American and Japanese gunboats have been at Ichang since Friday.

BOULON DECISION WILL BE DELAYED; TRIAL CONCLUDED

Court Calls For Briefs And Fixes Date To Hear Civil Case

Trial of the embezzlement action against Mr. F. G. Boulon, former manager of the Shanghai branch of Gaston, Williams and Wigmore, which began in the United States Court for China last week, ended yesterday so far as the taking of testimony is concerned. It is unlikely that a decision will be given for several weeks as the case is to be submitted on briefs that were called for by Judge C. S. Lobingier at the conclusion of yesterday's hearing.

The prosecution, which has been conducted chiefly by Mr. William S. Fleming, who has been acting with United States District Attorney C. P. Holcomb, was given until December 10 to file its brief and the defense, represented by Mr. R. S. Haskell, until December 14. The date for the hearing of the civil action that was started by Mr. Boulon against the company to recover Taels 14,000 and Gold $15,000 alleged to be due, was set for December 20.

FINAL TESTIMONY

Two final witnesses who were heard in the case yesterday were Mr. James C. H. Ferguson, manager of the Pacific Coast branch of Gaston, Williams and Wigmore at San Francisco and now acting manager of the company's Shanghai branch, and Mr. H. C. de Vault, manager of the Shanghai firm of accountants, Haskins and Sells, which on two occasions audited the company's books here.

Mr. de Vault told of the circumstances of the first audit that was made for the Asia Banking Corporation and said this was not done with the purpose of checking the accounts of any particular employe of the company.

He said that on the occasion of the second examination of the firm's books his firm had been employed by Gaston, Williams and Wigmore and the particular purpose of this examination was to check the various exchange transactions of the Mr. Boulon. The

FRENCH COUNCIL WILL TAKE OVER PUBLIC UTILITIES

Municipality Prepares For Drastic Action Against Cie Francaise On Thursday

CHAPEAUX ASKS SUPPORT

Urges Residents To Indorse Council's Fight For Better Service

The French Municipal Council has made all plans to take over the operation of tramways, water and electricity departments in the French Concession on Thursday, it was learned last night and everything is ready for administration of the public utilities company by the Public Works Department of the Council.

It is not believed that the Compagnie Francaise de Tramways, d'Eclairage Electrigues will make any eleventh-hour proposals which would delay the execution of a threat made by the Council to take over the company's departments on December 9.

ASKS ENDORSEMENT

Support for the proposed action by the Council is urged in the Echo de Chine this morning by Mr. Albert Chapeaux, whose series of articles on the French Tramway Company and conditions in the French Concession have caused widespread interest. A translation of the article published this morning follows:

MR. CHAPEAUX' ARTICLE

The series of previous articles published under the same heading in the Echo de Chine, and which were reproduced fully or in part in THE CHINA PRESS have shown, as regards electricity, that the power of the Lo-Ka-Wei Works is 1,500 kw. and that this plant can supply only 1,169 kw. (These figures are given by the Company itself).

For 1921, the demand will reach a minimum of from 3,300 to 3,500 kw. and if one considers the demands for motor power, heating, and the extension of tramways, a minimum consumption of from 3,800 to 4,000 kw. is not exaggerated.

For 1922, 4,500 kw. can be counted on, for 1923 from 5,000 to 5,500 kw.

This increase will reach about 12,000 to 13,000 kw. towards 19399 as already explained in the previous articles.

NEW EQUIPMENT

The proposed installation of the Company, namely the addition of two machines of 1,000 kw. each, will bring the total power installed up to 2,000 kw. plus 1,500 kw—say 3,500 kw. As it is impossible for the power used to equal the power installed, because it is necessary to have some material in reserve and as the Lo-Ka-Wei plant, which is installed for 1,500 kw. can only really produce 1,169, one can see that the total of the old and the new plants producing no more than 2,700 kw. will not be sufficient for the demands of this period, which will be at least 4,500 kw.

It is therefore evident that the Company, which after serious counter accusations, makes a pretence of installing plant, really intends to continue or rather to augment its loan of current from the Electricity Department of the S.M.C.

After the awkward explanations on this subject, the epithets of "loan," "help," "premium," etc. etc., conceals badly their intentions, or rather shows clearly that they intend to continue this proceednig which deserves condemnation.

Moreover, why does the Company refuse to reveal its contract with the S.M.C.? The Company does not seem to have very much faith in the proposed new material for it is very anxious to retain its connec-

Greeks Give Landslide Vote For Constantine

(Special Cable)

Athens, Dec. 6.—The plebescite by an overwhelming majority has favored the return of Ex-King Constantine to the Greek throne.

(Reuter's Service)

London, December 4.—M. Georges Leygues, Mr. Lloyd George and Count Sforza met twice at 10 Downing Street yesterday. At the close of the day's conferences the following resolution was adopted:

"The three Powers agree that the decisions of the Greek Government and people should be known before a definite decision is reached concerning the measures to which it will be expedient to have recourse with a view to the establishment of lasting peace in the Near East."

The Near East Conference came to an end today, after morning and findings of the accountants given afternoon sessions. M. Leygues returns to Paris tomorrow morning.

DISCUSS RUSS TRADE

The following communique was issued this afternoon:

"The conversations were resumed this morning. Several questions were discussed which it had not been possible to examine at the previous sittings, including that of trade relations with Russia. The questions of the meeting of financial experts at Brussels on Reparations, and of the financial measures to be taken in the event of Constantine reascending the throne, will be dealt with at the next sitting."

The London correspondent of the Tempe understands that an extremely important decision was reached at this afternoon's con-

LOCAL MAN HELD AT SEATTLE FOR SMUGGLING DRUGS

George W. Palmer Of Shanghai Arrested By Customs Men After Search

OPIUM IS FOUND

Narcotics Valued At G. $8,000 Located In Chair And Cans

Mr. George W. Palmer of Shanghai has been arrested in Seattle and is charged with attempting to smuggle opium valued at between G.$20,000 and G.$30,000 by United States Federal authorities, according to Seattle and Vancouver newspapers received here yesterday.

Palmer left here on the Empress of Russia, which sailed from Shanghai on October 23 and his wife followed on the Empress of Asia, leaving here on November 27.

The story of the seizure and arrest is told in the following article clipped from the Seattle Times of November 11:

PLOT IS CHARGED

A gigantic narcotic smuggling syndicate with headquarters in Shanghai and Seattle is believed to have been exposed yesterday with the arrest of George W. Palmer, a representative of a big exporting firm in Shanghai, by Seattle Customs Inspector Frank P. Loftus and his force.

Palmer was caught in the act of smuggling between $20,000 and $30,000 worth of morphine and cocaine into Seattle, according to customs officials. About five pounds of the narcotics, valued at approximately $8,000 in illicit drug circles, was seized Friday in Palmer's effects. Most of it was found in rubber tubes, secreted craftily in the bamboo frames of a steamer chair. Other caches of the dope were found in two talcum powder cans in Palmer's baggage.

As a result of an alleged confession, customs officials expect to locate an even greater cache of dope today, bringing the total value of the haul to between $20,000 and $30,000 at dope peddler prices.

Palmer, bringing with him a large steamer chair of particularly handsome design, arrived in Victoria on board the steamer Empress of Russia, customs officers declare. He caught the evening boat for Seattle, having checked the bamboo chair, together with a large steamer trunk, and on arrival in this city, without waiting for the inspection of his baggage, went to a downtown hotel.

SOURCE OF INFORMATION

Through sources which United States Customs Collector Roscoe M. Drumheller refuses to disclose, information was received to the effect that one of the alleged leaders of the smuggling syndicate was on his way to Seattle. His baggage was gone over carefully and the effects in his trunk disclosed two talcum powder cans. Opening one of them it was found to contain three compartments. The top contained talcum powder, a middle compartment cocaine and the lower morphine. The other can was similarly constructed and had the same contents. The large chair legs of steamer chair was next gone over. Four of its main bamboo frames, each from three to more than four

GERMANS' PLAN TO GET COLONIES SEEN IN BUDGET

Reichstag Approves Bill To Spend 25,000,000 Marks For New Warships

(Reuter's Service)

Berlin, Dec. 5.—Notwithstanding criticism of what Deputy Haas (Democratic) described as "the new marinism" the Reighstag has approved the expenditure of 25,000,000 marks on the construction of small cruisers.

Both Socialist parties opposed the measure but the Minister of Defense, Herr Gessler, dwelt on the necessity of taking precautions in view of the situation in the East.

Herr Burlage of the Center Group supported the measure because he hoped that Germany would again acquire her colonies.

NEW STEAMER LINE

(Reuter's Service)

New York, Dec. 1 (delayed).—The Royal Mail Steam Packet Company announces that it will establish next spring a passenger and freight service between New York and Southampton, Cherbourg and Hamburg.

LABOR MISSION IN STAND FOR IRELAND TRUCE

Henderson And Premier In Conference On Means Of Ending War

GALWAY IS IN LINE

County Council Asks Delegates Empowered To Create Honorable Peace

(Reuter's Service)

London, Dec. 4.—A series of of small facts are tending to harden the impression which exists in parliamentary circles that communication is being established between the Government and Sinn Fein.

It seems beyond doubt that Mr. Arthur Henderson, leader of the British Labor Commission in Ireland, has at least an informal mandate from Mr. Lloyd George to explore the avenues that may conceivably lead to peace in Ireland. It is noteworthy that Mr. Henderson and Mr. W. Adamson M. P. interviewed Arthur Griffith, Acting President of the Irish Republic, in Mountjoy jail yesterday, and also visited Archbishop Walsh at the latter's residence.

CHURCH FOR SETTLEMENT

Archbishop Walsh is reported to have said that any effort tending towards the cessation of provocative acts would receive the support of the Catholic Hierarchy.

Paris, Dec. 5.—The idea of a truce in Ireland seems to be making headway. It is reported that M. Arthur Henderson, the head of the Labor mission to Ireland, had a long interview with the Prime Minister at Downing Street before the former's departure for Dublin. Furthermore, the Galway County Council has passed a resolution expressing its regret at the crimes and burnings and reprisals which have been committed, and declaring that this state of affairs is detrimental to the interests of both countries.

The resolution further requests the Republican Parliament to appoint three delegates, empowered to negotiate a truce that will pave the way to an honorable peace.

POLICE PATROL AMBUSHED

London, Dec. 4.—A patrol of five policemen has been ambushed at Youghal, County Cork, with the result that a sergeant was seriously wounded.

The leaders of the Irish railwaymen have requested the Lord Mayor of Dublin to intervene in the deadlock due to the men's refusal to work the railways while carrying munitions. This request is interpreted as meaning that the men are tired of the daily dismissals owing to this attitude, and are now willing to return to work.

A military patrol ordered three suspects to halt at Bandon, County Cork. The men ran off and were fired on. All of them were killed. Each man carried a revolver which had been fired.

PROMINENT MEN ARRESTED

London, Dec. 4.—The latest arrests made in Dublin include Mr. Joseph McGrath, Sinn Fein M. P. for St. James's division of Dublin, and Captain White, son of Sir George White, the defender of Ladysmith.

London, Dec. 5.—It is stated that the auxiliary division of the Royal Irish Constabulary has authorised the proclamation which has been posted up in the Mac-

(Continued on Page 2)

FATAL STORM SWEEPS OVER BRITISH ISLES

Livesavers Lost In Attempt To Rescue Crew Of Distressed Vessel

(Reuter's Service)

London, Dec. 4.—A gale which struck the British Isles yesterday and reached a maximum velocity of 70 miles per hour, worked havoc on land and sea and caused considerable loss of life.

A lifeboat from Rhoscolyn which was assisting a vessel in distress on Carnarvon Bay lost five members of its crew, including the coxswain. The crew of the vessel took to the boats and four of them were drowned.

Two tram cars were blown over at Halifax. A number of persons were injured and much damage done.

Several casualties have been reported from Manchester, Middlesbrough, Strabane, Blackpool and other places, while shipping out of the Mersey has been held up for a day.

London, Dec. 4.—During the recent gale a wall collapsed at Belfast, killing three persons.

Peking Asked To Declare Famine Relief Intentions To Shanghai Organisation

Voluntary Subscriptions Inadequate And Situation Critical, Committee Wires

Believing that it is high time for the Peking Government to come out and state definitely its attitude and intention relative to the famine in the North, the Shanghai Committee of the Chinese Foreign Famine Relief Association has sent the following telegram to President Hsu:

"Chinese-Foreign Famine Relief committee Shanghai desire respectfully to point out that voluntary subscriptions cannot begin to meet famine needs. The charitable public, both Chinese and Foreign, desire a clear statement from government as to what immediate steps it will take to cope with present deplorable conditions. Both Chinese and Foreigners are eagerly looking for a definite pronouncement and immediate action by your government relief."

Reports from the North state that the middle of December will find real disaster and suffering in the famine-stricken district. Winter is upon them and the various committees have exhausted most of the funds which they have collected. Clothing, food, and shelter have been the means of preserving the lives of the millions to date but the advent of the bitter cold and the lessening of provision supplies by reason of lack of funds will cause untold suffering among millions.

NEARLY MILLION SPENT

The expenditures of the Shanghai Committee to date actually devoted to food and clothing amounts to over Mex. $970,000.00 and the balance remaining is a mere drop in the bucket to the demands which are being daily received.

The Distribution Committee has just agreed to remit $50,000.00 of the $52,000.00 on hand to the Tientsin Committee for the purchase of grain.

The Rev. W. E. Souter, Chairman of this Committee explained that this so impoverished his work that he was compelled to send an unfavorable reply to Lady Fraser and Mrs. C. F. Green in response to their request for Taels four to five thousand towards the Woman's Famine Relief Society. However, these ladies were informed that as soon as further funds were available, their request would be reconsidered.

TO STOP CHILD SALES

Conditions around Paotingfu, Chengtingfu, Tsinanfu and Kaipingfu are reported as becoming more acute with the practise of families selling their children to secure sustenance. In view of the very immediate need of preserving the unfortunate boys and girls in this section, the Committee has voted to expend $48,000 to provide shelters for housing them. An immediate investigation and report has been requested.

What to do to replenish the rapidly diminishing funds has brought up the question of making a loan to be repaid from subsequent subscriptions. This, however, is strictly against the policy of the Committee, which has voted to expend no monies that have not been first subscribed.

Much relief has been felt lately by reason of the fact that a large consignment of clothing which was being held at Pukow is now well on its way to the stricken district and will shortly be in service in the localities where winter has set in.

FRENCH COURT HELPS

The Vice-Consul for France has notified the Association that it can look in future for one-fifth of the fines received in the French Court which will be appropriated as long as the Association exists. It is hoped by the committee that the other Consulates as well as the Mixed Court and the various Chinese Courts will see their way clear to follow the lead of the French and turn over a portion of their receipts.

Famine relief subscriptions for the week ended December 4 bring the totals up to $633,532.57 and Tls. 122,398.58, it is announced by the Finance Department of the Chinese Foreign Famine Relief Committee.

Emphasis is given to the need for further generous donations to the fund in order that grain may be bought and transported from the Manchurian markets before the coldest weather sets in the stricken districts. Famine Relief Committees in other

(Continued on Page 7)

Order Of Merit For Biggest Gift To Famine Relief Is Peking Scheme

(Reuter's Pacific Service)

Peking, Dec. 5.—The Minister of the Interior suggests awarding the Order of Merit to the largest contributor to the Famine Relief Fund.

The proposal includes foreigners and Chinese alike.

It is understood that it has the approval of President Hsu Shih-chang.

Two Koreans Deported Without Cause, Is Claim

Members of the local Korean community are expressing indignation and anxiety over the fate of two of their fellows who have been deported by the Japanese authorities here.

They claim that the action of the Japanese was altogether irregular in sending the men back to their native land—the deportation being made under the allegation that they have been active in the Korean independence movement, while the offense which brought them up for action by the authorities was of a minor nature, having nothing of political significance.

The two Koreans, whose names are Toshurko and Lecken, were arrested by the Shanghai Municipal Police of Louza station on November 25 and were prosecuted in the Japanese Consular court on November 26 on the charge of being drunk and disorderly. On that charge, they were convicted and were sentenced to serve seven days each in jail. This was the report made to the local police.

On December 1 the two convicted men were placed on board a Japanese steamer bound for Korea via Dalny. This action was not officially reported to the Settlement police, friends of the deportees claim.

At the Japanese Consulate it was admitted yesterday that the men had been sent into Korean jurisdiction. Whether or not they had first been brought to face charges other than that which the police preferred against them, the authorities declined to say. The Consulate officials stated, however, that Toshurko and Lecken were believed to be associated with the Korean independence movement.

"We are not in a position to give out any further information with regard to the matter at present," was the final comment of the Japanese officials.

Famous 'Valley Of Moon' Battle Scene; Three Slain

(Special Cable)

Santa Rosa, Calif., Dec. 6.—Famed as the capital of Jack London's "Valley of the Moon" this little city today became a scene of carnage that resulted in the death of three men and two mob attacks on the city prison.

"Big Jim" Petray, sheriff of Sonoma County, and two detectives, M. M. Johnson and L. H. Dorman were the victims of the tragedy. They were killed while raiding a house in the Italian quarter while searching for attackers of young girls.

When news of the death of Sheriff Petray, who was the idol of the county, was spread about the city a mob quickly formed and went to the city prison, which faces the Civic Center, and demanded the surrender of the slayers who had been captured shortly after the battle in "Italiantown." The prison is a new, strong structure and was promptly barricaded against the mob.

After the first mob had been repulsed a second was formed and attempted to batter down the prison doors with a telegraph pole. The leader of the mob was seized by the deputies in the prison and locked up, which dampened the ardor of his followers and they were easily dispersed.

ARGENTINA REFUSES TO REMAIN IN ASSEMBLY

First Discordant Note In Sessions Sounds At Geneva

SEEK CHANGES

Rejection Of Amendments Cause Of Withdrawal Of Delegates

(Reuter's Service)

Paris, December 5.—Senor Pueyrredon, the head of the Argentine delegation, forwarded on Saturday afternoon a letter to M. Hymans, the President of the League Assembly, in which he informed the latter that the Argentine delegation found itself under the painful necessity of ceasing forthwith its connection with the Assembly.

This decision, Senor Pueyrredon explains, was due to the rejection of the amendments which he had proposed to the League Covenant, with a view to establishing the principles of law and popular liberty.

It should be added that the decision of the Argentine delegation is not to be interpreted as terminating the adhesion of the Argentine Government to the League of Nations.

New York, December 4.—The withdrawal of the Argentine from the League of Nations Assembly is the first rift in the three weeks' discussions, says an Associated Press message from Geneva.

It was not opposed, and there is no indication that other South American delegations are likely to withdraw.

The belief is expressed that the directing minds of the Assembly have neglected the feelings of the smaller Powers, and erred in opposing discussion of amendments to the League Covenant.

Geneva, Dec. 4.—Hondorio Pueyrredon has informed President Hymans of the withdrawal of the Argentina delegation from the League of Nations Assembly. It is not known definitely whether Argentina intends to withdraw from the League of Nations altogether.

Senator Knox regards the withdrawal of the Argentine Republic as the beginning of an inevitable disintegration.

Washington, Dec. 5.—Opponents of the League of Nations here hail Argentina's withdrawal as significant. Senator Lodge says that some of the nations not represented at Geneva are finding objections to the League which the United States discovered two years ago.

LABOR FUNDS STAND

Geneva, Dec. 5.—The budgets of the League of Nations and the Secretariat of the International Labor Bureau have been adopted.

The Indian resolution that the expenses of the latter organisation were too high and should be reduced as occasion offers, was rejected.

That of the New Zealand delegates that the budgets of 20,950,000 gold francs, and 500,000 gold francs respectively, be reduced, and that the salaries of high officials and the amount allocated for publications to be issued by the Labor Bureau were too large, was also defeated.

OFFICIAL REPORT

Geneva, December 4.—A French official report of today's plenary session of the League of Nations Assembly says:

"The Assembly discussed the motions submitted by Mr. George Barnes (British Empire) asking the Council for an explanation of its failure to intervene in the hostilities between Poland and Soviet Russia last spring, and calling the attention of the Council to the possibility of a resumption of hostilities next year.

"Mr. Barnes said that the Council ought to have taken action under Article 11 of the Covenant. He recognised that action might be difficult, even impossible, in certain other cases, for example, on account of the Monroe doctrine. But the failure to intervene between the Soviet and Poland had created an impression of partiality.

"Mr. Barnes recalled the transportation to London from France of the remains of an unknown British warrior and declared that a million soldiers had died in the Great War in order definitely to assure peace.

BOURGEOIS REPLIES

"M. Lean Bourgeois (France) paid a tribute to Mr. Barnes' eloquent peroration. He declared that the unknown French war-

rier had also died in order definitely to assure peace.

"M. Bourgeois, who explained that he was speaking not on behalf of the Council, but personally as a member of the Council, who was acquainted with all the Council's deliberations, reminded the Assembly that Article 11 of the Covenant provided that the Council should be summoned to intervene in the event of war, only if a member of the League so requested. But no member of the League had requested the League's intervention in the Russo-Polish War. . . . The reason was that members of the League had realised that intervention would be ineffective and perhaps dangerous, as it involved the risk of extending instead of limiting the conflict.

"M. Bourgeois recalled the fact that the Soviets did not recognise the authority of the League of Nations and had even refused to allow an inquiry to be carried out in Russia. The economic weapon was clearly powerless against the Soviets. The Council was always ready to seize the right occasion to intervene and would act with absolute impartiality.

"M. Bourgeois in conclusion outlined the work accomplished by the Council in a spirit of unanimity during its difficult first year.

PADEREWSKI'S VIEW

"M. Paderewski (Poland) recalled Poland's sufferings and declared that her will was for peace. But if Poland were attacked again, she must defend her independence, in order to be worthy of membership of the League of Nations.

"Dr. Nansen (Norway) said he thought that action by the League might have been possible last April.

"The discussion came to a close without a vote being taken, Mr. Barnes having simply asked for an explanation.

"Argentina did not attend the session, but afterwards sent a letter which will be read by the Chairman at the next session of the Assembly on Monday."

Chang Hsun To Be Forestry Director

(Reuter's Pacific Service)

Peking, Dec. 5.—General Chang Hsun is to be appointed Director of Forestry and Undeveloped Lands.

The Government has telegraphed the authorities in the various provinces, asking whether they have reserved sufficient funds to restore and maintain local self government.

Dynamiters Cause Great Loss In Spain

(Special Cable)

Madrid, Dec. 4.—From different parts of Spain reports are received of more bomb explosions causing extensive damage.

Striking bakers are accused of the destruction of two flour mills and the home of a land-owner.

The Archbishop of Seville narrowly escaped death last night when a bomb was thrown into a window of the palace he was occupying. He was not injured.

Labor Mission Stands For Ireland Truce

(Continued from Page 1)

room district to the following effect:

"Whereas foul murders of servants of the Crown have been seen carried out by disaffected persons who immediately prior to such murders appeared to be peaceful people, but produced pistols from their pickets, it is hereby ordered that all males in the Macroom district may not appear in public with their hands in their pockets. Any male infringing this order is liable to be shot at sight."

A prominent Sinn Feiner, who was "wanted" for a murder in Galway, was arrested at one of the Dublin railway termini today. He then attempted to escape, whereupon he was shot dead.

A policeman has been shot and wounded at Belfast.

(Special Cable)

London, Dec. 3.—It was rumored in Parliamentary lobbies that the Sinn Fein representatives are carrying on indirect negotiations with representatives of the Government.

MRS. MacSWINEY IN U. S.

New York, Dec. 4.—Hundreds of men and women, gathered about a gate to the dock where Mrs. Muriel MacSwiney was to arrive on the steamship Celtic, were disappointed in their welcoming plans due to Mrs. MacSwiney leaving the dock by another gate.

New York, Dec. 4.—According to a Belfast telegram to the Associated Press, Sinn Fein has issued a proclamation, declaring that: "Whereas the Irish Republic has declared war on England, we hereby notify that everyone guilty of treasonable conspiracy will be shot without warning."

FRANCO-BRITISH FORMAL TREATY NEEDED, OPINION

Paris Editors Admit Conflict Would Have Been Checked If Pact Had Existed

WOULD PREVENT WAR

Press Of Both Countries In Favor Of Lord Derby's Manchester Proposal

(Reuter's Service)

Paris, Dec. 3.—The French papers are devoting special attention to the speech delivered by the former British Ambassador at Paris, Lord Derby, before the Manchester Chamber of Commerce. Especial notice is given to the Earl's statement that Franco-British amity is essential to both nations and that the time has come for them to conclude a formal alliance.

It is admitted that Lord Derby was quite right in stating that the war would not have broken out if, instead of the Entente, there had been a definite alliance in 1914.

AGRESSION FROWNED ON

It is also noted that he was especially emphatic in exposing the mischievous insinuations which are periodically circulated by certain sections of the press about the so-called imperialistic or aggressive tendencies of the French Government.

Lord Derby stated that no French Cabinet inclining toward an aggressive policy of any sort could stand for a single day. This the press states, is the naked truth.

London, December 4.—Lord Derby's speech at Manchester, emphasising the necessity for converting the Franco-British Entente into a treaty of alliance, has created a deep impression all over Great Britain.

TUNNEL ADVOCATED

Lord Sydenham, who, besides having held high Colonial appointments, has on various occasions been entrusted with important diplomatic missions, has declared himself firmly convinced of the necessity of a Franco-British Alliance.

It is pointed out that the adoption of French devastated towns by British Municipalities and the construction of a Channel Tunnel will surely draw the two countries still closer together.

M. Georges Leygues is reported to have declared that Lord Derby's idea has his unqualified approval.

U.S. ISSUES NEW WARNING AS TO RUSSIAN DEALS

Vanderlip Activities Prompt State Department To Cable Peking

(China Press Correspondence)

Peking, December 3.—The American Legation is in receipt of a cable from the Department of State regarding the reported Vanderlip concession obtained from the Soviet government in Russia.

The despatch refers to the former statement of the State Department made public following the receipt of the request of the Japanese Foreign Office for information regarding the reported concessions obtained in Russia by the American citizen, Vanderlip.

The American department reiterates that it has no knowledge of the concessions other than that contained in the despatches of American correspondents in Europe published in the American press. In clarification of its attitude in general the Department has put out three statements or rulings.

One of April 25 last warns American business men that contracts entered into with the Soviet government and concessions obtained from it might not be recognised by a future Russian government.

One of May 6 is to the effect that, the self-styled Soviet Ambassador to America is not recognised by the American government, and one issued July 7 granting to American citizens the privileges of trading with Russia but stating that the validity of industrial concessions negotiated by American nationals with the Soviet government might not be admitted by it.

Receiver Is Asked For Ship Company

(Reuter's Service)

New York, Dec. 1.—Application has been made for the appointment of a receiver to take charge of the affairs of the Standard Steamship Company. The Company's liabilities total $657,000.

It is alleged that the United States Shipping Board has been threatening to seize the vessels allocated to the company because certain payments were overdue.

MEXICO MAY BE RECOGNISED BY U.S. SAYS COLBY

American Secretary Of State Gives Approval Of New Regime

(Reuter's Service)

Washington, Dec. 1.—Secretary of State, Mr. Bainbridge Colby, has formally proposed to the Mexican Government that a combined Mexican and United States Commission be appointed to draft a treaty whereon the resumption of full diplomatic relations may be based.

Mr. Colby states that his conversations with Senor Pesqueira, the envoy sent to discuss the matter, have left no reasonable doubt in his mind of the high and enlightened purposes which actuate the present Government of Mexico.

Boulon Decision Will Be Delayed

(Continued from Page 1)

in transcripts were submitted in evidence.

TELLS OF CONFERENCE

Mr. Ferguson testified concerning a conference Mr. Boulon in testifying said he had held with officials of the company at the Astor House in the latter part of October. He said that at this time Mr. Boulon had offered to settle outstanding differences between himself and the firm for the sum of Taels 1,000. He asserted that at this conference Mr. Boulon had gone over a voluminous mass of papers and records, which he explained to those present and said that he had stated that he was indebted to the firm in the sum of $29,000 and that it owed him Taels 30,000. It was then, the witness said, that the offer to settle for Taels 1,000 was made. He denied that any offer of a settlement had been made by representatives of the firm.

After Mr. Ferguson left the stand the defense called Mr. W. H. Swift, a vice president of Caston, Williams and Wigmore, but testimony that it was sought to bring out from this witness was not admitted.

ARMY PLACES OFFERED

(Reuter's Service)

Washington, Dec. 4.—The War Department announces that 5,589 officers who served during the war have been offered permanent commissions, as the result of examinations during the year.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich In Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful ros. cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron — Nuxated Iron — to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red corpuscles, increase physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us. I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

INJURY OF SOLONS ANGERS KIANGSU GENTRY IN PEKING

Abolition Of Tuchunate Is Again Agitated By Local Society

Following the attack on the Kiangsu Provincial Assembly which resulted in the injury of four solons in Nanking by silk workers, Kiangsu interests both in Peking and Shanghai are again agitating for the abolition of the Kiangsu tuchunate, the removal of the assembly to Soochow and the impeachment of the Civil Governor and the Police Chief of the province.

The Kiangsu residents allege that the Tuchun, the Governor and the Police Chief planned the attack on the lawmakers.

The impeachment of Chi Yao-lin and Wang Kwei-lin were asked yesterday when Kiangsu residents in Peking called on the president and the cabinet ministers. They are indignant because the government ignored their previous demands and they now demand the withdrawal of the mandate appointing Chi Shih-yuen Tuchun of Kiangsu.

ASSEMBLY TO SOOCHOW

A mass meeting of the residents and prominent officials was held on Sunday at the Kiangsu Guild in Peking. The meeting was unanimous in making the demands on the Government.

The removal of the Assembly to Soochow was suggested by the local Kiangsu Educational Association. The society scores the incapability of the military and police authorities to give protection to the lawmakers, and insinuates that both had a hand in the planning of the attack.

The declaration of the association stated that in addition to paying taxes for customs and the salt gabelle, Kiangsu pays yearly over $19,000,000, two-thirds of which goes to military and police expenses.

Dutch East Indies Tax Change Opposed

(Reuter's Service)

The Hague, Dec. 4.—The British Chamber of Commerce for the Dutch East Indies and the Rubber Growers' Association, both of London, have sent messages to the Second Chamber of the States-General, entirely supporting the protest of the International Association of Rubber Culture in the Dutch East Indies and kindred associations, against the proposed alteration of taxation, in so far as it will affect the tea, coffee and rubber-growing industries of the Dutch East Indies.

Campaign For Milk To Be Outlined At 'Ad' Club Meeting

An outline of how the advertising campaign for "Triangle" milk should be conducted will be set forth at the meeting of the Advertising Club tomorrow afternoon at 5:30 o'clock.

The work of outlining the campaign has been entrusted to Mr. T. Y. Chang of the China Publicity Company who is experienced in marketing goods for the Chinese people and he has brought out many points which will be well for foreign merchants to consider in their commercial work in China.

The meeting is not confined to members alone and business men together with all those interested in the subject are invited to attend.

Gen. Wang Shih-chen Resigns His Position

(Reuter's Pacific Service)

Peking, Dec. 6.—General Wang Shih-cheng's resignation as High Commissioner of the Yangtsze was submitted this morning. Chang I-peng, the Vice-Minister of Justice, also resigned.

NEW MILITARY PACT WITH JAPAN!

Another secret pact to bargain away the rights of Manchuria and Mongolia by Peking and Fengtien to replace the notorious Military Pact with Japan is in progress, according to Mr. Yu Yen-ping, member of the secretariat of the Lower House. Mr. Yu, in a statement issued yesterday to THE CHINA PRESS, said that the abrogation will only be substituted by another secret treaty of which Japan and Fengtien will be the principals.

According to Mr. Yu, the contents of the new treaty which will substitute the Military Pact are:

TEXT OF PACT

As to benefits to be derived from it by Japan:

1. Japan will have full liberty in despatching troops to Manchuria and Mongolia.
2. Japan shall succeed to all the rights of the Chinese Eastern Railway formerly enjoyed by Russia.
3. Japan alone shall have the right to sell arms to China.
4. Every effort shall be made to prevent the Shantung issue from being presented to the League of Nations.

B. As to benefits to be derived from it by Peking and Fengtien:

1. Japan to furnish financial support to the present Cabinet.
2. Japan to support Chang Tso-lin's policy in Manchuria.
3. To refrain from lending money to all parties opposed to the present Cabinet.

SALE TO JAPANESE

The above conditions, Mr. Yu asserts, amount to the sale of Manchuria and Mongolia by Fengtien and Peking to the Japanese. These terms were the subject of negotiations during the recent mission to Tokio of Yu Chung-han, emissary of Chang Tso-lin and the Japanese military attache to the Peking Legation.

The Peking administration has already consented to the third and fourth condition under "A," but is still considering the first two clauses. Peking proposes to modify these by making them read: "In case of necessity, Japan shall have the right to despatch troops to Manchuria and Mongolia for the protection of their residents," and "Part of the Russian rights of the Chinese Eastern Railway shall go to Japan."

As soon as these two clauses are endorsed by Tokio, according to Mr. Yu, the new secret pact will be signed.

Four Hundred Jap Fishermen Drown

(Reuter's Pacific Service)

Tokio, Dec. 4.—The "Chuo" states that 400 fisherman have been lost a in a storm off the Izu Peninsula. The high seas are preventing motor boats from making any search for them, and the shore is lined with anxious relatives carrying torches.

Load Of Firewood Is Camouflage For Big Cargo Of Opium

Suspicious Chinese Constable Uncovers $4,000 Worth Of Drug Cleverly Hidden

An ingenious smuggling scheme went awry and the police seized about $4,000 worth of opium Sunday when a Chinese Police Constable became curious about a load of fuel being wheeled along the Bund.

To the casual eye the barrow load would have registered merely as consisting of a couple of baskets of charcoal and four bundles of short length firewood. To the C.P.C. it appeared as though the wood were the smashed-up materials of a number of packing cases—possibly stolen. So he stopped the wheelbarrow coolie, and also a wharf coolie who accompanied him, and examined the cargo. The planks, he found, were nailed together in bundles of three and on examination in the station it was discovered that the center was neatly hollowed out and that the shell in each case contained two packets of opium, each weighing about a pound and three-quarters. There were forty-four packets in all.

The wheelbarrow coolie was found guiltless of any knowledge of the matter but the accompanying wharf coolie was detained and appeared in the Mixed Court yesterday. He stated that he had been employed by a passenger from the steamer Ningchow, which arrived Sunday morning, to take the innocent looking load of fuel to number 529 Tiendong Road and had been given 20 cents in payment for the job and 20 cents extra as ricsha fare.

The passenger was to accompany him and was pacing along a short distance in the rear when the policeman intervened, whereupon he hastily walked away in another direction.

Inquiry at the address named disclosed a Cantonese shopkeeper who satisfied the police that he knew nothing about the opium. The coolie seemed blank enough about it himself and was dismissed by the Court. The opium was ordered destroyed.

Grain Prices To Be Probed By Officials

(Reuter's Pacific Service)

Peking, Dec. 6.—The Chiaotungpu has asked the Peking Chamber of Commerce for an explanation of the fact that, although railway charges for the transportation of grain were considerably reduced in order to assist the poor, prices have actually risen.

ATTEMPTS SUICIDE

S. Yamashita, the proprietor of a Japanese barber shop at 811 Miller Road, attempted to commit suicide in the attic of the premises Saturday night by slashing his throat with a penknife. He was taken to Dr. Saromi's hospital and given aid and it is said has a good chance for recovery. Business worries are said to have been the cause of the act.

Japanese Criticise China For Inaction At Urga

(CHINA PRESS *Correspondence*)

Peking, December 3.—The Chinese Government has repeatedly signified its disapproval of a Japanese official of semi-official expedition to Urga for the purpose of bringing out the score of Japanese residents in the Mongolian capital, who are considered by the Japanese Legation to be in danger.

On the other hand, it has, according to the view of the Japanese Legation, been very negligent to providing these Japanese with means of conveyance out of Mongolia, according to its assurance given the Japanese Minister some time ago, and the Japanese Legation greatly doubts, in view of the independent attitude of the local authorities in Urga, the ability of the government to fulfil this promise.

At the last regular weekly interview of the diplomats at the Ministry of Foreign Affairs, Minister Obata brought this matter to the attention of Minister W. W. Yen. The Foreign Minister reiterated that he would bring pressure to bear on the Urga authorities to see the Japanese safely out of Urga and expedite their journey to Kalgan, but that the Chinese government would greatly deprecate ahy direct measure on the part of the Japanese toward bringing them out, such as an expedition.

Nevertheless, it is known to be the intention of the Legation, acting upon the recent precedent of the American expedition, to send an expedition in the near future to Urga, unless the Chinese authorities act with despatch in conveying the Japanese residents there to the rail-road.

This expedition will be accompanied by a member of the Japanese Legation and will travel in motorcars of the Mongolian trading Co., which are at present being negotiated for by the Japanese Vice-Consul here.

Charges Atrocities By Japanese Troops In Manchuria Town

Stories of Japanese atrocities committed in and around Chientao, Manchuria, with Koreans as the victims, were told to a gathering of Koreans in the French Settlement Sunday by the Rev. S. S. Chao, who has recently returned from the district mentioned.

According to Dr. Chao numbers of Koreans, including old men and women and boys and girls, were put to death by the Japanese troops, while a number of churches and schools in the district were burned or torn down.

Semenoff To Join Wife At Kamakura

(Reuter's Pacific Service)

Tokio, Dec. 6.—Captain Drinsky, adjutant for Ataman Semenoff, informs the Osaka Asahi that Semenoff will arrive at Shimonoseki tomorrow, en route for Kamakura, where his wife is awaiting him. He says the Ataman will watch for a favorable time for renewing hostilities.

BRITAIN URGED TO ENCOURAGE CHINESE PUPILS

Minister Sze At St. James Says Students Make Trade Missionaries

COMPETE WITH U. S.

Thousands Of Orientals Are Being Educated In American Schools

(*Reuter's Service*)

London, Dec. 4.—The Chinese Minister to the Court of St. James, Mr. Sao-ke Alfred Sze, writing to the Daily Mail, refers to the desirability of encouraging the presence of Chinese students in Great Britain. He shows that when they go home they are all regarded as "missionaries of trade."

He dwells on the thoroughness of the organisation in the United States which is attracting many Chinese students.

Mr. Sze says that the British Foreign Office is thoroughly sympathetic as it realises the importance of the question. He hopes that a system may be established here similar to that in the United States, by which, he says, Chinese, after receiving training in United States works, return home to join American branch houses in China.

The Daily Mail supports Mr. Sze in his views: it says that China perhaps offers the most magnificent market in the world. It believes that it would equally pay British manufacturers to follow the United Sates' example, and goes on to show that there are only about 270 Chinese students in England as compared with some thousands in the United States, and concludes by submitting that this state of affairs should be changed.

Senator Jones Says President Imperils American Shipping

(*Reuter's Service*)

Washington, Dec. 4.—Senator Jones, the sponsor of the new Shipping Act, has made the statement that the refusal of President Wilson to abrogate commerical treaties, and his delay in naming the members of the Shipping Board, had given the mercantile marine no chance to show its worth.

He said the delayed appointments would enable competitors to spread their propaganda in the United States, and discredit the acts of the Harding Administration.

Obituary

SIR WILLIAM ABNEY

(*Reuter's Service*)

London, Dec. 4.—The death is announced of Sir William Abney, a distinguished scientist and a pioneer in photography. He had been scientific adviser to the Board of Education since 1903.

News Brevities

More than 100 Chinese residents of Seattle left for China on the British steamship Tyndareus, the largest number leaving Seattle on one vessel in the last several years. The movement of Chinese to the Orient has been particularly heavy recently. Many of them are returning to celebrate the Chinese New Year, which falls on Feb. 9 next year.

• • •

The sailing of the steamship Wenatchee, the first of the Shipping Board trans-Pacific liners to enter service from Seattle for Yokohama, Kobe, Shanghai, Hongkong, and Manila, has been set for March 1, as the liner will be delivered to the Pacific Steamship Company at New York, via Cuba and the Panama Canal a few days later. The Seattle Chamber of Commerce is arranging for a big Seattle commercial excursion to the Orient aboard the Wenatchee when that liner, the first American-owned passenger liner to ever sail from that port to the Orient, steams away March 1.

• • •

According to a Hongkong telegram, General Chen Chiung-ming has issued an order nullifying the notes of the Canton Provincial Bank. The order was made because its former managing director is said to have absconded with the notes.

• • •

There will be a dance at the Country Club this afternoon at 5:15 o'clock.

• • •

The Men's Society of the Church of England will meet this afternoon at 5:30 o'clock.

• • •

Shareholders of the Oriental Land Co. will hold a meeting on Friday morning at 10 o'clock.

• • •

The local Chinese press reports that Chang Hsun, the monarchist, has been appointed director of Forestry and Undeveloped Land.

• • •

Mr. I. Delbourgo returned from Japan yesterday.

• • •

Two of four Chinese charged with the commission of an armed robbery on Penang Road were ordered turned over to the Arsenal authorities by the Mixed Court yesterday. If they are not executed they are to be returned to the Court. The other two men were discharged.

• • •

Ewald Intal an unemployed Esthonian seaman, was fined $5, with the alternative of five days in jail, by the Mixed Court yesterday on the charge of being drunk and assaulting a ricsha coolie on Woosung Road Sunday night.

• • •

Among the passengers sailing today for San Francisco on the China Mail Steamship Company liner China are Mr. Paul Arnswalde and F. Caravacci, formerly connected with the Carlton; Mr. F. J. Dolan, Mr. and Mrs. E. Gillstrom and Mrs. A. E. Culver.

• • •

It is expected that at the session of Congress which begins today a bill will be introduced by Senator Wesley L. Jones, paving the way for the preliminary work of laying a second trans-Pacific cable, and the deliberations of the International Cable Conference at Washington this month should be followed with the deepest interest by Puget Sound interests as well as the Pacific Coast and Orient. The need of additional cables across the Pacific has long been felt, but with the growing commerce the inadequacy of the facilities is doubly emphasised. Except for the military cable from Seattle to Alaska, the interisland cables in the Philippines and a short line from Key West to the island of Day Tortugas, all the American cables are privately owned.

• • •

Karolina Raksh, a Lettish citizen charged with assault by Samuel Maumovitch, was dismissed when the case came up for trial in the Mixed Court yesterday. The complainant alleged that when he called at her home to collect a commission said to have been due him, she struck him and threatened him with a knife.

• • •

Mr. C. C. Nieh, president of the Chinese General Chamber of Commerce, was among the passengers returning to China from America by the steamer Empress of Russia Sunday.

Local military and civil officials called upon Gen. Ho Fung-ling Sunday to tender congratulations upon his being appointed Military Governor of Shanghai.

Will Erect Statue Of Chamberlain In Palace Precincts

(*Reuter's Service*)

London, Dec. 4.—The King has approved the recent proposal of the House of Commons to erect a statue of the late Mrs Joseph Chamberlain within the precincts of Westminster Palace.

Treasury Unable To Check U. S. Farm Prices In Drop

(*Reuter's Service*)

Washington, Dec. 4.—Mr. D. F. Houston, Secretary of the Treasury, has declared that the Joint Agricultural Committee of the Senate and the House, and the Treasury, have given thought to the situation of farmers in face of the result of falling prices for farmers' products, but have arrived at no solution. No means that might be adopted by the Treasury to furnish relief were found feasible, and it was regarded as doubtful whether the revival of the War Prices Corporation would be of any help.

INVENTOR HOLT DEAD

(*Special Cable*)

Stockton, Calif., Dec. 5.—Benjamin Holt, inventor of the caterpillar tractor is dead.

$3,000 for a Fox Skin.

As much as three thousand dollars and more have been paid for one single Fox Skin. No need to pay any such fancy prices although they be silver Fox Skins. FOOTBALL ELEVENS IN EAST LACKED CRACK MEN ON LINE BUT BOAST BACKFIELD STARS

Every College Had Backs That Shone And All-America Selections Will Be Difficult For South And West Will Contribute

There was not one outstanding backfield star on Eastern football teams this year. There were nearly fifty. And every one of these is a star of the first caliber. Yet it cannot be said that one back stands out as Ed Mahan or Jim Thorpe did.

It is hardly likely any back will receive unanimous choice for the All-American eleven or the All-Eastern this fall.

But a greater profusion of backfield material probably never before existed since the game was started. Without even considering the South or the West, there are nearly fifty in the East who have shown enough to merit consideration for an all-star combination. The critics are in for trouble when the time comes for picking one set as the best.

'BIG THREE' FORMIDABLE

There is not one team in the East but had at least one crack backfield man and several of the outfits had whole backfield trios of more than average ability. Consider the "Big Three." Yale had Murphy at quarter, Kempton and Aldrich for the halves and Kelly, a sweet looking backfield everybody will agree.

Princeton, with Lurrie at quarter, and Gilroy, Garrity and Wittmer or Scheerer, rivaled the Yale group, while Owen, Churchill and Horween, of Harvard, do not give the appearance of being a bunch of cripples by any means.

And then cast your eye on that little town of Hanover—with Jordan, Bowers, Holbrook and Shelburne or Robertson. How about Syracuse? Could any coach complain of the way Frugone, Abbott, Anderson and Kellogg performed?

Bezdek put together a set at Penn State that ran wild. Killinger, Haines, Way and Snell reminded one of a Texas cyclone on its merry way. Glen Warner can brag about his own at Pittsburgh—Holleran, Davies, McCracken and Hewitt.

ALL HAVE LUMINARIES

And so it goes. Penn has Straus, Whitehill and Harvey; Cornell had its luminary in Kaw; nobody ever saw a brighter prospect than Beck, of West Virginia; Keady's midget quartet of Rote, Savaria, Captain Herrington and Henzelman at Lehigh—average 152 pounds—is causing them all to sit up and take notice; Lafayette counted a great deal on Lehecka and Gazella; Boston College had a first class backfield with Fitzpatrick, Liston and Corrigan on the job, and then there is the Williams team, Benny Boyton.

Holy Cross had Gagnon and Simendinger, both great; Washington and Jefferson has two of the best in Ellson and Erickson. Canapary, of Columbia; Weinheimer, of New York University; Halloran and Steele, of Fordham, and Bajusz, of Stevens all showed well.

The Army is well off with French, formerly of Rutgers, and Wilhide; the Navy had its share—Koehler, Cruise and Watters; there were two speed marvels on the Georgetown eleven, Leighty and Ward.

What a parade of back field material all these would make, each and every one a star!

NO OTHER STARS

The profusion of backfield stars roaming the gridiron this year was startling. But there was no abundance of other stars. Strong lines in fact appeared to be a scarcity this fall although this is generally the case, considering the fact the back has more of an opportunity to shine.

Washington and Jefferson probably had the best pair of ends in the business—that is as a pair—in Carroll and Loucks and of these two, Carroll, playing his third year, was much the better. He and Captain Urban of Boston College and Mickey Fallon, of Syracuse, were about the best ends of East. Legendre, of Princeton, or Hopper of Pennsylvania, each a star, may win the honor of being named the best.

SYRACUSE STRONG AT WINGS

Fallon and Captain Robertson, of Syracuse, as a pair, rank almost as well as Carrol and Loucks. Their great defensive play has been largely responsible for keeping the Orange out in front. Comerford, of Boston, incidentally makes an ideal running mate for his captain, although Urban seems to have the edge.

Lehigh had a couple of good ones in Larkin and Gulick. At least not many backs have turned their ends this season, and many good ones have tried it, including Beck, of West Virginia, and Eielson and Erickson, of W. and J. Princeton, of the big three, has the call in this respect. Davis, Legendre and Raymond being superior to either the Yale or Harvard pair.

Ewen, of the Navy, is a capable wing, and Brown, of Penn State, is very good. Hopper, is "there," and Kane, of Harvard, and Hummel, of Lafayette, were real stars.

The tackles—that is, the luminaries—are few and far between. Keck, of Princeton, and Gulick, of Syracuse, rank with the best in the East, and Dickens of Yale is no slouch. Sedwick, of Harvard; Beck, of Penn State; Tom Sullivan, of Georgetown, and King, of the Navy, are among the top-notchers.

The guards—they were almost as scarce as the Swiss Guards. There is Garbisch, of Washington and Jefferson, for one, and McLean, of Pittsburgh, who are fine stalwarts. Woods, of Harvard; Dickinson, of Princeton, and Into, of Yale, all showed well, while Schwab, of Lafayette, is a very nifty performer on the line. Calloway, the negro forward of Columbia, has flashed forth on occasion.

ALEXANDER LEADS CENTERS

Alexander, of Syracuse, is leading the centers by a comfortable margin, and unless somebody comes through in phenomenal manner he is sure to get the call for the job, not only as all-Eastern, but as all-America. Tim Callahan, of Yale, is always on the job, and Heaphy, Boston College, did better work as pivot man this year than he did last, when he shone in this respect. Havemeyer, of Harvard; Stein, of Pittsburgh, and Cunningham are all very good.

Discussing All-America possibilities, Grantland Rice wrote in the New York Tribune:

In the general discussion that comes up each autumn as to football's leading stars, we have among other luminaries at least two candidates to present.

The best forward we have seen this season is Captain Alexander, the star center rush of Syracuse University.

The best backfield man we have seen is Bo McMillin, of Center College.

Backing up a line together, it would take a combination of an eel, an elephant and a greyhound to get away.

The two are not only great football players, but both have wonderful inspirational effect upon the men around them—which is another important factor.

McMillin is equally brilliant on attack and defense, replete with speed, stamina, clear headedness and unyielding courage.

And football will have to go a long way before it finds a better center than Alexander.

EASTERN BACKS

The crop of star Eastern backs continues to develop with each Saturday's output.

Harvard can offer Horween, Owens and Churchill—a brilliant trio.

Princeton has Lourie, Gharrity and Gilroy.

Yale, in Kelly and Aldrich, has two worth observing.

Pitt has Davies and Hewitt and Syracuse has Abbot.

Cornell has a start in Halfback Kew.

Boynton, of Williams, continues his spectacular career, while Way, of Penn State, is an outstanding star.

In Ellson and Erickson W. and J. has a pair of birds, while Beck, of West Virginia, has contributed his share of daring deeds.

Many of these are now sailing along on even terms, where nothing short of the big November tests will give most of the answer.

A SOUTHERN BACKFIELD

With McMillin and Whitnell, of Center; Barron, Harlan and Flowers, of Georgia Tech; Leech, of V. M. I., and Lowe, of Carolina State, as a starting nucleus, the South can present an all-star backfield of rare merit.

These men have starred against Harvard, Yale, Pittsburgh and Pennsylvania and have held their own with the best backs in the East.

McMillin and Leech make a fine starting point, and there are many others to fill in.

Harvard can tell you about McMillin, and Pennsylvania can tell you just as much about Leech.

RUTH, IN HAVANA, GETTING $15,000 FOR HIS HOMERS

Babe Expected To Clean Up About $125,000 For Year's Work

Speaking of Ruth—which nearly everybody does sooner or later—the Sultan of Swat is now in Havana, where he will be placed in a setting of Giant players to provide some thrills for Cubans fans.

Havana sportsmen will force $15,000 on the Babe for his appearance in ten games against native teams. Since the season closed Ruth has averaged better than $1,000 for each of his exhibition games. He could continue to punch out home runs all Winter at a very good rate of exchange, but intends to retire to his Massachusetts farm for a rest after he returns from Cuba late in November.

BIG YEAR FOR BABE

Baseball has been good to Bambino this season. Up to the time that he donned a New York uniform his best salary for a season was $12,000. He picked up a few extra thousands last Fall and Winter in exhibition games, but was not launched as a big money-maker until the Yankee colonels put over the famous deal for him last Winter.

A conservative estimate is that Ruth will clean up approximately $125,000 this year if he gets everything that is coming to him. His salary with the Yankee was $20,000. For the use of his name in various ways he probably has received $15,000 or $20,000. His income from exhibition games should total at least $30,000. In the few weeks that have elapsed since the regular season closed the regular season closed the big fellow has played nearly every day and averaged over $1,000 a game.

A RUBBER CHECK

The largest single item that Babe will check off in his income tax report is the revenue from the moving picture in which he was stared. There was more or less bunk about that picture. It began the day that Babe was photographed at the Polo Grounds in the act of receiving a check for $100,000.

Apparently this was one of those rubber checks that rebounded and knocked Babe right into the lap of a lawyer, for he has recently sued for $35,000, claiming that this is the unpaid balance of the sum of $50,000 he was to receive for his screen performance.

Babe alleges that he has so far seen only $15,000 of the movie money. So, if he obtains what he claims is due from that source, his big bat will have earned considerably more than $100,000 this year. It is said, too, that the owners of the Yankees will present the noted slugger with a handsome bonus in appreciation of the important role he played in making this the most prosperous season the American League and the New York club have ever experienced.

HANKOW RACE SWEEP

Second officer Hennessey, of the Indo-China Steam Navigation Company steamer Kiangwo, won the first prize in the Hankow Race Club champions sweepstake, according to word received from Hankow yesterday. The prize was $17,400.

Foreign Basketball League Schedule

The schedule of the Foreign Basketball League has been revised, several alterations having been made in the list of games previously announced. The following table gives the schedule together with the names of the officials.

Tues. Dec. 14 at Y.M.		Reds vs. Blues
		Greens vs. White
	Officials:	Glauque and Chang.
Sat. Dec. 18 at R.C.		S.A.S. vs. Greens
		Blues vs. R.C.
	Officials:	Irons and McCloy.
Tues. Dec. 21 at Y.M.		P.S. vs. Reds
		C.C.C. vs. Whites
	Officials:	Hoh and Bartlett.
Tues. Jan. 4 at Y.M.		P.S. vs. Blues,
		S.A.S. vs. Whites
	Officials:	Stauffer and Chang.
Sat. Jan. 8 at R.C.		C.C.C. vs. Greens
		Reds vs. R.C.
	Officials:	Haskell and Glauque.
Tues. Jan. 11 at Y.M.		P.S. vs. Whites
		C.C.C. vs. Reds
	Officials:	Bartlett and Jackson.
Sat. Jan. 15 at R.C.		S.A.S. vs. Blues
		Greens vs. R.C.

PUBLIC SCHOOL AND COLUMBIANS TANGLE TONIGHT

Basketball Doubleheader Also Includes Game Between Blues And Greens

Charley Glauque and his Public School boys hook up with the Columbia Country Club basketballers tonight in the first game of a league doubleheader to play at the Chinese Young Men's Christian Association gymnasium. The second game brings the Blues; as yet an unknown quantity, against the Greens, another of the league leaders.

The Public School team, or Glauque, will have trouble tonight for the Columbia Country Club boasts a heavy team which is better on the defensive than on the offensive. And Nichols and Gold are expected to strengthen the Columbians tonight.

In the game between the Blues and Greens it is difficult to pick a winner or even compare the aggregations as the Blues haven't shown yet, winning their games against the Whites because the latter outfit failed to show when scheduled to play the Blues.

The Greens have secured Hykes to play center in place of Westaway and the Blues have been reinforced by Tom Britton, banker now but a basketball star in his younger days.

If the Columbia Club wins tonight, the winner of the Blues-Whites game will lead the league. Should the Public School collect, there will be a tie for the top berth.

GERMANY IS TO MEET DEMANDS FOR LIVESTOCK

Agreement Is Reached With France, Says Message From Nauen

(*Reuter's Service*)

Shanghai, December 6.—The following is an extract from a German wireless propaganda message from Nauen which has been picked up locally:

"The German and French Governments have reached a provisional agreement regarding the delivery of livestock, whereby Germany undertakes to deliver the full amount demanded, viz:—74,000,000 fowls within from three to four years, and 25,000 goats and 15,000 pigs within three years, also a preliminary instalment within six months of 30,000 horses, 125,000 sheep and 90,000 cattle including 30,000 pregnant cows or heifers.

"The Reparations Commission reserve the right to decide within six months the further quantity of cattle, horses and sheep to be delivered subsequently by Germany.

"The German Government pointed out that the agreement could be kept only if France and Belgium take into consideration the conditions at present prevailing regarding the quantity of German livestock.

"The Berlin Agency of the American Smithonian Institute has received 133 boxes, each weighing 200 pounds, containing scientific publications to be handed to German scientific institutions, while 97 boxes containing German scientific works have been sent to America."

Armenia Declares Soviet Republic

(*Special Cable*)

London, Dec. 4.—Russian Soviet troops captured Erivan, the Armenian capital, last Thursday.

Armenia has declared itself a Soviet Republic, according to a Moscow wireless.

The old Armenian Government troops have aligned themselves with the new administration.

Local Man Held For Smuggling Drugs

(Continued from Page 1)

feet long, were broken open. Inside each was found a rubber tube a little less than an inch in diameter with wooden plugs sealed in each end. These were of bamboo and were found to contain morphine and cocaine. The bamboo frames had been laboriously wrapped with split rattan.

Palmer, evidently receiving a warning from some underground source or guided by intuition, customs officers say, did not return to claim his baggage.

DROPS OUT OF SIGHT

He dropped out of sight for a few days but was finally arrested yesterday afternoon by Inspector Loftus and a party of picked men at the Seward Hotel.

Customs officials believe that Palmer is in a position to bare the working of a big smuggling ring, the operations of which net those interested in it hundreds of thousands of dollars a year. It is believed that the dope seized is only a part of that which Palmer is said to have brought from Shanghai and search is being made to recover the rest of the cache.

The firm which with Palmer is declared to be connected has the reputation, Collector Drumheller says, of being one of the most substantial as well as one of the largest in the Orient. It is believed Palmer operated without the knowledge of the company.

Palmer is said to have been a chief clerk in the United States signal corps in Seattle for about eight years. He is reported to have gone to Shanghai about five months ago to accept a position with the big Shanghai firm.

Connolly No Longer Clerk Of U.S. Court

Official Who Went Home To Develop Oil Enterprise Out Of Federal Service

Dr. J. P. Connolly, who has been clerk of the United States Court for China for the past year and a half, and who sailed for America on four months' leave late in September, is no longer connected with the Court. Notice that Doctor Connolly had severed his connections with the federal service has been received in communications addressed to American officials here. It is stated that no appointment has been made to fill the vacancy.

While he was in Shanghai Doctor Connolly organised the Connolly Land and Oil Company, a Wyoming oil enterprise located on land that was owned by Doctor Connolly. It was with the purpose of developing this project that Doctor Connolly returned to his home at Omaha, Nebraska.

WOMAN'S CLUB MEETING TODAY

Folk dances and folk music of the various countries will be featured at the meeting of the American Woman's Club this afternoon at 4 o'clock at the Carlton Cafe.

The program, which promises to be of unusual interest, is under the direction of Miss Lila K. La Mond and Miss Frances Taylor of the Music Department of the club.

Songs of China, England Sweden, Scotland, Spain, Ireland, Italy, Germany, Wales, France, Denmark and Russia will be sung. Among the local artists who will sing groups of folk songs are Mr. Allen G. Loehr, Mr. Brunelli, Miss Myra Bancroft Olive, Mr. H. E. Muriel, Mrs. N. Mathieson, Mr. Pierce Edwards, Mrs. S. A. Magnussen and Mrs. S. M. Woo.

The folk dances will be danced by Mrs. Antonikovski and the Misses Olive Crane, Leonora Bernard, Virginia and Claire Sullivan, Helen Morse and Loraine Fleming.

Miss Frances Taylor will read a paper on "Secular Music of Mediaeval Days" and Bishop W. H. Lambuth, who has returned recently from the famine district will give a short talk. Because of the length of the program, tea will be served from 4 until 4:30 o'clock only.

ECONOMIST ENVOY FOR U.S. IS HERE

Dr. Frederic Lee Representing New Consular Division Begins Duties

Representing a new phase of American consular activity abroad Dr. Frederic E. Lee yesterday assumed the post of Economic Consul for China with headquarters at the American Consulate in Shanghai.

The new division of consular work is an outgrowth of a bureau that was organised at Washington about the time of the close of the war with the purpose of studying economic questions as related to American trade in all parts of the world. The sending abroad of field agents was the next important step taken and in the past year four federal representatives have been sent to as many world centers to act as Economic Consuls. These are: Dr. Charles Westcott, now stationed in Paris, Dr. Maurice Parmlee, stationed at Berlin, Dr. Dana G. Munro, stationed at Valparaiso and acting in Chihli and the Argentine Republic and Doctor Lee.

While Doctor Lee is making his first visit to China, he is not a stranger to the Far East, as he lived for two years in Tokio where he was an instructor in the Set Gakuin College. It was in the course of this experience that he acquired a knowledge of the Japanese tongue.

AWARDED HONOR

The third class order of merit was conferred upon Rear-Admiral Lang Chien-hsu, chief of the Admiralty at his offices Sunday. The presentation of the award was made by Rear-Admiral Li Wu, Vice-Minister of Marine, on instructions from the Chinese Government.

THE WISE MOTHER
AND BABY'S OWN TABLETS.

The ills of children come swiftly, and too often before a doctor can be called in or medicine obtained the little one is beyond aid.

The wise mother will always safeguard her little one by keeping Baby's Own Tablets, the Canadian children's remedy, in the home. This medicine always does good—it cannot do harm as it contains no opiates or other harmful drugs—and is confidently recommended as a remedy for teething troubles, constipation, diarrhoea, colic, indigestion, simple fever and worms.

Mrs. Napoleon Lambert, of St. Ignace, Quebec, writes:—"Baby's Own Tablets are an excellent medicine for childhood ailments and I am well pleased with them."

Obtainable from medicine dealers, also post free, 60 cents the vial, from the Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

France Hesitates To Start Trade With Russ Soviet

(*French Wireless Service*)

Paris, Dec. 5.—It is understood that, when the question of resumption of trade with Russia was discussed at the London Conference, Mr. Lloyd George informed M. Leygues of the main lines of his proposed agreement with the Soviet Government, whereupon, the French Premier emphasised the difference between the British and French points of view in this matter, adding that, pending the fullest examination, the French Government adhered to its position; all the French Governments could do was to allow French individuals to enter into commercial transactions with Russia on the understanding that they did so solely on their own responsibility.

The experts for the Brussels Conference will be appointed on December 13, and will receive instructions to meet with the least possible delay.

CRANE PARTY RETURNS

(*China Press Correspondence*)

Peking, December 3.—The American Minister and his party are expected back in Peking from their visit to Shansi on Monday morning, December 6, after an absence of ten days.

To Repeat Romance

"Romance" was repeated by the Bandman company to an appreciative audience at the Lyceum Theater last evening. So appreciative was it in fact and so many were the requests for a repeat performance which the management has received that the announcement is made that the play will be given again on Friday evening, instead of "Caesar's Wife," which was previously advertised for that night.

U. S. POET AT PEKING

(*China Press Correspondence*)

Peking, December 3.—Mr. Wytter Bynner, a well-known American writer of verse, has arrived in Peking following a visit to central China, and is stopping at the Wagon Lits Hotel for a week.

Mr. Bynner is a Harvard man. It is hoped that he will remain to attend the annual meeting of the Harvard Club to be held on December 10.

Greeks Give Landslide Vote For Constantine

(Continued from Page 1)

ference, and that the three Allied statesmen are in entire agreement on the Greek problem.

THREATEN CREDITS

"They have decided," writes the correspondent, "that if Constantine were to re-ascend the throne, the British, French and Italian Ministers at Athens and the two Allied Commissions there would notify the Greek Government that their Governments' financial assistance would be stopped thenceforward. Constantine's mere recall to Greece will automatically bring into effect this stopping of credits by the Allied Powers."

PAYMASTER ROBBED

(*Special Cable*)

Detroit, Dec. 4.—The sum of $12,000 and a number of envelopes were stolen when two armed men held up a construction company's paymaster and escaped with his valise. Within an hour of the robbery, three men attempted to loot a bank a mile away holding up the cashier and shooting a depositor. No loss was reported.

The Foundations Of Your Home

are your first care, are they not? Shallow, badly constructed foundations result in the appearance of damp, cracks and other unpleasant symptoms after you have taken possession and are comfortably installed in a new home.

HOW ABOUT THE FLOORS

And the interior woodwork? Did you take the same care of them?

Cheap flooring is no economy, especially if you cover it up with expensive carpets. Both will wear out and need renewal—so will cheap panelling.

OAK FLOORIG

and oaken interior woodwork is practically indestructible, and will outlast you and those who come after you. Furthermore, the cost of oak flooring is about the same as that of a high-class carpet—Tls. 25 to Tls. 40 per tong (100 sq. feet).

Insist that all lumber for flooring and panelling for interior work bears the "Three Pines" Trade Mark, and the letters "KD" signifying kiln-dried, thus ensuring its perfect quality, and suitability for the severe climatic conditions of China.

We give all orders personal attention. After you have placed your order with us, the flooring will be laid and all work carried out under the personal supervision of a foreign expert of the Company. We *prefer* to do this for you.

French Council Will Take Over Public Utilities

(Continued from Page 1)

tion with the International Settlement plant.

INEXACT STATEMENT

If, as it should be, this proposed material is sufficiently powerful and reliable, this connection would be absolutely useless and could be discontinued without any inconvenience.

In short, the insinuation that this material was chosen at the request of the French Municipality is a groundless as well as inexact statement.

To sum up: by the Company's insisting on keeping up its connection with the S.M.C. it is clearly proved that:

(1) The installations anticipated by the Company are evidently insufficient from all points of view.

(2) That the Company intends, to continue to increase its loan of current from the S.M.C. in spite of the fact that the French Authorities having prohibited same.

(3) Contrary to commercial custom, the Company will continue to prevent as much as possible the developement of the Concession by creating difficulties for the present and future consumers as well as by charging prohibitive prices for electricity.

Water.—The power of the Tong Ka Doo Waterworks is 10,000 cubic meters. By doubling this, the daily supply will be 20,000 c.m. But this figure is insufficient, for the expected demands will be at least 27,000 c.m. (in 1920 more than 16,000 c.m. were used).

The extension will be the same as to the existing installation, and consequently will continue to supply dirty water and will be obstructed for a large part of the year. The British Company, the Shanghai Water Works, has understood this situation so well, that its installations have been completely changed. Why will not the French Company do the same?

In short, why does the French Company raise objections to the laying of water mains and installation of new fire hydrants in the new sections of the concession? and for the.

Its intentions in this respect are clearly shown in the letter sent to the Municipality on July 29, 1920, which says:

"You (the Municipality) were willing to assure our representative that the Municipality would not demand, at least for a few years, the laying of water and electricity mains in the roads recently opened."

To which the Municipality replied on August 5, by a precise contradiction and declared that this was in absolute opposition to the views of the Municipal Council, who desired, on the contrary, to develop the French Concession and build new roads.

If the Company were so afraid of extending its conduits, it was because they were afraid of the increased consumption of water which would be the result?

In short, the opposition of the Company to increase its water mains show clearly that it fears an insufficiency of water. The Company intends to continue supplying dirty water and an insufficient quantity during the larger part of the year.

It remains to be seen whether or not the rate-payers will agree to this manner of acting.

Tramways.—Failure to extend the tram system is contrary to the general interests of the French Concession, the population of which increasing as much within the limits of the Concession as in Shanghai as a whole.

This general growth demands an extension of transportation facilities to the newly inhabited quarters and to facilitate communication with the International Settlement. The settlement is developing its tramway system generally. The French Company does not intend to open up new lines, even though they are necessary.

Recent letters from the Cie Francaise speak of the purchase in the near future of five trailers and five motor driven cars. How ridiculous! We have already explained that 37 or 38 cars are required.

According to a statement of the Company, this additional rolling stock will double the 1913 transportation capacity.

In the first plaice why take 1913? Why not say 1908. From 1908 to 1913 there were no additions made to the Company's rolling stocks.

Even with the existing service, we have explained that average overloading of cars was 40 percent, a figure which increase daily.

Aside from the new lines, which are indispensable and must be opened and to speak only of the existing service, the material should be augmented by 40 to 50 percent, thereby bringing the number of vehicles from 49 to 74. This would require an immediate addition of 25 and not 10 cars.

The conclusion drawn is that the Company is not willing to do what is absolutely necessary for the electricity department, the water department and the tramways.

Furthermore, it is only necessary to look back at the final paragraph of the letter that the "Marine Engineer in Chief, representative of the Administrative Council of the Company" wrote to the Municipality on February 2, 1920, to clear any doubts on this matter.

The Paragraph referred to is the one we reproduce in full:

1.—Indisputable right of payment for the water used by the Municipal Council.

2.—Right to increase all the tariffs.

3.—Right to refrain from constuction of any new water and electricity plans.

4.—And what is even more the right not to build on French territory.

It matters little to the Company whether or not it is preventing the growth of the French Concession or prejudices the important interests, French, Foreign or Chinese, which the Municipal Council represents as long as the share holders and Directors continue to receive large dividends.

The shareholders, directors and home officers, residing far from Shanghai intend to "squeeze" the French Concession at Shanghai considering it only as a machine to grind out dividends, and will see that their profits, never sufficient in their opinion, are taken far away.

The French Municipal Council, conscious of its duty and the important interests, both public and private, which it represents, cannot tolerate such a state of affairs.

It is the selfishness, obstinacy and narrow point of view of the Company that have caused the present crisis.

For many years the Municipality has made all possible friendly efforts but has been "squelched" by the Company, which probably thought it could continue indefinitely its selfish policy of obstruction.

It is up to the residents of the French Concession to say whether or not they approve of the conduct of their representatives.

These questions must be answered Yes or No.

Can the Company enforce laws in Shanghai and humiliate the public?

Has it the right to stop landlords from building and tenants from residing in the French Concession by limiting the amount of electricity and water when not completely refusing to supply same?

Do not forget that the time is short and because of the little time remaining we are at a turning point. If we do not act rapidly, the French Concession will be deprived, in one or two years, of those Public Utilities which are indispensable to the present existence and future development of the Concession.

A. Chapeaux.

Naval Officers At Peking Decorated By U.S. Government

(Reuter's Pacific Service)

Peking, December 5.—Commander Charles T. Hutchins, United States Naval Attache at Peking, and Captain T. V. Gillis, President of the Peking Club, have been awarded the American Navy Cross.

The former, after his retirement (in 1905) volunteered for further service and was reappointed Naval Attache here.

The latter won distinction in command of destroyers during the war.

American Red Cross Will Aid Refugees

(Reuter's Service)

Washington, Dec. 1. (Delayed).—The American Red Cross Society announces an appropriation of $400,000 for the relief of Russian refugees at Constantinople.

Customs Surtax To Be Effective January 1

(Reuter's Pacific Service)

Peking, Dec. 6.—The Government expects that the customs surtax will come into operation on January 1. All the Powers have agreed to this, but discussions will follow with regard to the administration of the funds thus derived.

Peking Asked To Declare Famine Relief Intentions To Shanghai Organisations

(Continued from Page 1)

localities are also making special efforts to increase their subscription lists.

SHANSI SOCIETY APPEALS

The Shansi Famine Relief Committee, Taiyuanfu, makes an especially strong appeal for financial aid. At present it is estimated there are 100,000 people in their district who are on the verge of starvation and indications are that in a very short time the roll of persons dependent upon food donations will have increased to very near the million mark. The Society at Taiyuanfu has on hand only about $250,000, barely enough to provide for six weeks ahead. The Committee is in urgent need of $2,000,000 and if this sum can be raised they feel that complete relief can be given the suffering population.

It is estimated that the sum of $5 is sufficient to keep one person from starving until the spring harvests.

The Shansi committee is composed of both Chinese and foreigners and subscriptions should be sent to Mr. C. C. Wu or the Rev. T. E. Lowe, honorary treasurers.

The list of subscriptions to the Chinese Foreign Famine Relief Committee, for the week ending December 4, follow:

Previously acknowledged	$630,329.74
Recived during the week:

CASTORIA

for Infants and Children.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realise that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy and retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fever.

The signature of Chas. H. Fletcher guarantees genuine Castoria

Physicians Recommend Castoria.

"I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."
J. E. SIMPSON, M. D., Chicago, Ill.

"Castoria is good for children and I frequently prescribe it, and always obtain the desired result."
F. GERALD BLATTNER, M. D., Buffalo, N. Y.

"A medicine so valuable and beneficial for children as your Castoria is deserves the highest praise. I find it in use everywhere."
J. S. ALEXANDER, M. D., Omaha, Neb.

"I have prescribed Castoria to families for several years. It is all right. Mothers like it, for children will take it without any trouble."
C. A. WILSON, M. D., St. Louis, Mo.

"Have used your Castoria on various occasions in suitable cases and have found it a palatable and effective laxative, especially in the various diseases of childhood."
CHAS. EDWARD GARDINER, M. D., Brooklyn, N. Y.

"Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."
J. A. BOARMAN, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria.

In Use For Over 30 Years.

"LIGNOID"

An Ideal Flooring Material

Lignoid is a new composition, whose discovery has opened a new era in the methods of flooring and materials for structural purposes, regarding which architects and engineers have hitherto made so much study and effort. It contains in itself all the merits of such flooring materials as wood, tiles, asphalt, concrete, marble, linoleum, mosaic or tenazzo, and is far superior to them as regards its suitability, which is really ideal, for flooring purposes. The following are its special features:

(1) Character: The principal ingredient of Lignoid being an inorganic substance and containg certain chemical admixtures, it is non-corrosive and insoluble.
(2) It is incombustible and insulating and remarkably waterproof.
(3) It makes up, when installed, a solid floor with a fine appearance and being quite free from any tendency to corrision and abrasion, its durability is permanent.
(4) It well withstands heat and cold, and it is remarkably free from the tendency to crack.
(5) It is dust-proof.
(6) Being light and elastic it makes walking pleasant, and gives no sound.
(7) As it adheres firmly to wood, concrete, stone and iron, it never bulges as is the case with linoleum.
(8) No matter how great the space may be on which it is to be need, it can be installed without using any joins.
(9) Its installation is easily carried out by a plasterer.
(10) Cleaning and repairing can be done easily.
(11) Its price is moderate.

No matter how spacious the office, saloon, dining-room, corridor, venandah, etc., it can be put down without any joins. For wainscoting entrance, corridors, bathrooms, laboratories, etc., it is admirable.

For further particulars please apply to

THE ORIENTAL TRANSPORTATION & TRADING COMPANY, LIMITED.

No. 8 Kiangse Road, Shanghai

The house you live in—the little ones you love—the food you eat—the clothes you wear—the pets you keep—the garden you cultivate—all that means something real to you, MILTON is a boon to them and you

I would not be without my

MILTON

Does 101 Things

What is MILTON? It is a powerful yet harmless, waterwhite fluid. It cannot be called a disinfectant, or a cleanser, or a purifier, because it is *all three* combined and much besides. ***There is no term wide enough in its meaning to describe MILTON.*** And there is nothing in existence with which to compare it.

You will understand this if you use MILTON.

Everything we say it will do, it does thoroughly well.

MILTON takes the place of a dozen or more preparations in general use. More effective than carbolic acid, more useful than soap, yet safe and wholesome as water. It cannot take fire and will not burn or stain the skin.

In every home, in every factory and public office, uses crop up hourly for MILTON. That is why if it is bought once you will never be without it.

MILTON is extensively used in sanatoria, hospitals, etc., and is warmly approved by the medical profession.

Give MILTON a trial. Go to your dealer and get a bottle today.

SOME OF THE 101 THINGS

Apart from the particular uses mentioned on this page, here are a few of the principal uses to which this wonderful fluid can be put:—

PRESERVES EGGS
CLEANSES UTENSILS
REMOVES STAINS
DESTROYS GERMS
DISARMS FLIES
BANISHES VERMIN
STERILISES WATER
KILLS BAD SMELLS
EASES PAIN
KEEPS FOOD UNTAINTED
And Scores of other uses.

TEST IT YOURSELF

PERSONAL USES

There is no other article or preparation obtainable which combines the innumerable services which you find in a bottle of MILTON. Such common, everyday, indispensable services as they are — and MILTON has not a peer to a single one of them. It is perfect. Not only will it do every one of these services, but it does each to perfection. Always ready for instant use, and moreover it is absolutely harmless. In one bottle of MILTON you will find three uses ready to your hands:—

For the BATH—soothing and invigorating.

For every SKIN TROUBLE such as HEAT BUMPS, NETTLERASH, INSECT BITES, BOILS it acts really like magic.

As a MOUTHWASH—it has no rival.

For PYORRHOEA—that dreaded curse of so many—it is priceless.

It cures COLD IN THE HEAD, SORE THROAT and CATARRH, again like magic.

Have you CHILBLAINS? MILTON cures them. Do you fear INFLUENZA? MILTON is the safeguard. Or HAY FEVER? Do try MILTON: you will bless it!

For CUTS, BRUISES, or any INFLAMMATION—its speedy, cooling action is astonishing.

You dislike PERSPIRATION and its embarrassing smell? Well, MILTON banishes that!

Yes, it is a SHAMPOO, and a most excellent one.

ACHING FEET—yes, a healing balm to them. PILES—again, yes.

And it is the perfect INTERNAL DOUCHE, and the safest and surest one that science has ever discovered.

For BAD BREATH—there was never anything like MILTON.

Test it Yourself

Miltonised Food becomes PURE FOOD-SAFE FOOD

You buy sauces, relishes, extracts, spices, flavours. What for? To make food taste better. Continue buying them, but remember—

No flavour removes the danger of flyblow on meat.

No sauce prevents the "colly-wobbles" and gripes of ptomaine poisoning.

MILTON DOES SO—effectively.

The idea of putting on your food something that makes it perfectly wholesome and safe—that does not add the slightest taste or smell or colour—that, in fact, freshens the natural flavour of food—is entirely novel. But isn't it sensible? Isn't it simple, yet thoroughly sound?

Great numbers of people who use MILTON daily think so.

MILTON

Freshens the flavour of your food

So easy to do—so absolutely safe and healthy. Just add a tablespoonful of MILTON to each pint of cold water. Wash the meats, poultry or fish, or soak the vegetables, *before cooking*. The improvement is astonishing. The food is then clean and safe. Flies cannot harm it. All taint is removed.

Miltonise Your Food

HOUSEHOLD USES

Here are some more uses—many used in the most humble, and each of them of enough importance to make MILTON indispensable in any Household:—

In the KITCHEN—It removes Stains from sinks, from enamel ware, from wood-work—better than anything you have ever seen. Use a little in the water in which vegetables are washed, and your greens will be entirely free from Insects of Cooking. You ought to use MILTON—in fact, you are not safe unless you do use MILTON on your Food—see the previous columns about this. On Dishes in Water, on your Floors, in your Drains, in your Dustbins—every hour, everywhere, MILTON is a boon.

In the LAUNDRY—MILTON is priceless for wiping out stains from any linen or cotton goods, muslins or laces, without the slightest injury to the fabric, even the most delicate. Do not use on silk, woollen or dyed goods.

In the LIVING ROOMS—For reviving Fading Flowers, for freshening the Air, for removing Smells, for clearing away traces of Tobacco Smoke, for cleaning Paintwork it has no rival.

In the BATH ROOM—See the list of "Personal Uses."

In the NURSERY—Look at the list of "Personal Uses" in another column, and just consider this. At any hour of the day or night you may need something for the little ones—for scratches, cuts or bruises, for Insect Bites, for Nettlerash, for coughs or colds, for washing off "Flea" for cleansing Diapers or taking away stains, for a safe, reliable Mouthwash or Gargle. And here you have it in one bottle, always ready, and—here's the point—*Always Safe and Wholesome.* It cannot Burn, it cannot Poison, it is as safe and harmless as a bottle of water, but—How useful! How reliable!

Test it Yourself

CAN TEST IT IN A MOMENT

"Just Like Magic!"

Have you a weakness for a tablecloth or napkin? Pour a spoonful of MILTON into a tumbler, add a little cold water, dip the soiled spot, and—Presto! the stain disappears before your eyes "just like magic!" And the extraordinary part is that the fabric so treated is not injured in the slightest degree—it is as sound as ever, and as white as snow.

Or, cut off a small bit of sponge about the size of a pea, drop it into a tumbler, pour over it a spoonful or two of MILTON (keep a cork underfoot and—Presto! like magic, the sponge is dry, the inkwell bakery, your eyes or about three moments. This shows how quick, how powerful, how useful as deodorising dirt, grease, stains, even vermin, MILTON is, and yet how harmless! For you can dip your fingers in it, rub it on your skin, drink it, or bathe in it or in full strength if you like, without the slightest harm or discomfort. Just think what that means!

TEST IT YOURSELF

DOES 101 THINGS

The many and varied uses of MILTON—only a few of which have been mentioned here—are fully described in the MILTON Booklet which goes with every bottle. Simple directions are given in each instance, so that you cannot go wrong. This little Booklet is more useful in the home than a dictionary.

SOLD IN 2 SIZES 8 OUNCES AND 20 OUNCES EACH MAKES GALLONS

Take MILTON in your home. Get it of your Chemist or Grocer.

If he does not stock MILTON write Probst, Hanbury & Co. Ltd., 10 Nanking Road, Shanghai.

POWER ON SEAS IS PROGRAM OF PRESIDENT-ELECT

Senator Harding Is Given Ovation On Arrival At Newport News

(*Special Cable*)

Newport News, Dec. 4.—President-elect Harding arrived this morning receiving a rousing welcome resembling the return of a conquering warrior. Mr. Harding's vessel passed before the battleship Florida whose rail was manned in salute, thence by the Presidential yacht Mayflower who dipped her flag. On board the latter was Secretary of State Colby with other officials.

Three Naval dirigibles and 25 Army airplanes formed a guard of honor.

Mr. Harding will be taken on a short sight-seeing excursion before he proceeds to Norfolk.

URGES SHIPPING

Norfolk, Virginia, Dec. 4.—Senator Harding, in the course of a speech here, pictured America as pre-eminent as a maritime and commercial nation, and in cultivating friendly relations, but declared that she was jealously determined to defend her rights.

Inter alia, he asked the Government to aid the mercantile marine, and make the United States the greatest maritime power, with a navy fit to be the first line of defence.

ADVOCATES PEACE

He appealed for international peace and understanding, without sacrificing American nationality. During his stay he reviewed 1,000 blue-jackets.

Kingston, Jamaica, Dec. 1 (delayed).—Senator Harding has arrived here. The town is en fete.

U. S. MAIL OUT TODAY

Mail will be sent to the United States today on the steamer China. The closing hours:

Registered mail 12:30 p.m.
Ordinary mail 1:30 p.m.

The China is due at Woosung this morning and the passenger tender is expected to reach the Customs jetty at 10 o'clock. Outgoing passengers will leave the Customs jetty at 3 o'clock this afternoon.

Arrest Man On Ship With Stolen Ticket

Unrecognised Citizen Attempts Suicide When Brought Back Here

A foreigner, claiming to be a Greek, was arrested Sunday after he had boarded the steamer Empress of Russia with a ticket stolen from the Astor House on Saturday and was brought back to Shanghai in irons, making two attempts at suicide after his apprehension.

The man, who gave the name of Basil Kilaoglon, attempted to commit suicide by slashing his throat with a razor after he had been placed aboard the tender Alexandria. Previously he made an ineffectual effort to strangle himself while aboard the ship.

He was charged before the French Consular authorities yesterday morning but failed of recognition as a Greek citizen, though he had papers purporting to have been issued by the Greek military authorities. He was then brought before the Russian Consular officials, who also failed to recognise him. He talks excellent Russian and evidence tends to show that he has been in difficulties with the authorities in Vladivostok and Harbin. He will be charged in the Mixed Court today.

Hungary Oil Fields Will Be Developed

(*Reuter's Service*)

London, Dec. 5.—The Anglo-Persian Oil Company has made an agreement with the Hungarian Government whereby a private company will be formed with a capital of £100,000 for the purpose of testing the petroliferous deposits of Hungary.

If oil is found in commercially paying quantities an operating company will be formed with a capital of $1,000,000 to develop the oilfields.

Chang Ku Departs For Eureop Parley

(*Reuter's Pacific Service*)

Peking, Dec. 6.—Chang Ku, director of the Lunghai Railway, who is to represent the Chiaotungpu at the forthcoming international conference on communications, left Peking for Europe yesterday. He was accompanied by a considerable staff, and will be assisted by two foreign advisors.

Kansas Senator In Effort To Abolish Cotton Gambling

Commons Coalition Gets Shock In Attack On Food Ministry

(*Special Cable*)

Washington, Dec. 4.—Senator Capper of Kansas said in a statement that only one percent of the future trading on the foodstuffs and cotton market was bona fide, and made public his proposed bill to put an end to the present gambling in these commodities wherein a ten percent tax is included to act as a prohibitive measure against future trading except by actual owners and a limited class of traders licensed by the Federal Government.

It is expected that Senator Capper will introduce the bill in the Senate and Tincher in the House. No restrictions will be placed on farmers, dealers and manufacturers dealing in grain who make actual deliveries. For violations of the proposed act one year imprisonment and a fine of $10,000 will be provided.

FOOD MINISTRY ATTACKED

(*Reuter's Service*)

London, Dec. 4.—Yesterday's division in the House of Commons on the supplementary vote for the Ministry of Food, is described in the press as a nasty shock for the Coalition. It appears that the Government was only able to avert defeat by telephoning and sending urgent messages to the clubs and private residences of Coalition members.

Eventually it was the Labor members who saved the position, all but one of them voting with the Government.

Apparently Labor's attitude was that the Food Ministry is a protection against the profiteer.

Later in the debate Mr. McCurdy, the Food Controller, assured the House that his Department would in future confine its activities to terminating Government control of commodities as soon as possible.

Passengers Arrived

Per C.P.O.S. s.s. Empress of Russia from Vancouver: Mr. and Mrs. E. L. Arnold, Messrs. C. S. Anderson, R. Abbott, A. E. Adams, C. E. Akertsrom, E. L. Allen, H. Austin, Miss M. R. Don't Jump at the Lowest Bid

YOU will not get the cheapest job just by giving the work to the lowest bidder—give it to the best, most responsible painter, even at a little higher price. And be sure to specify a high grade, standard paint like

Patton's Sun-Proof Paint

—a pure linseed oil paint scientifically balanced with the right pigments. It will give you years of extra wear and perfect protection to your building.

Put your paint needs up to us.

No. 2702

7 PER CENT. LOAN, 1920

Price of Issue until further notice 92½ per cent.

Under the authority of Resolution VII passed at the annual meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
N. D. LIDDELL,
Secretary.

FURS

GREAT REDUCTION IN PRICE

Our strong desire is to extend our business. During the early part of this season many of our branches throughout the Northern parts of China and Manchuria, and elsewhere, have been searching for valuable furs. We have now made these into dresses, muffs, rugs, and other suitable articles for presents. We have also different coloured skins for the trimming of dresses, also a great deal of the finest fox, ermines, white bear skin and tiger skins. All these are on exhibition in our store. "Christmas" will soon be here. Our manager has put an advertisement in all the leading newspapers to inform all our old and new customers that all prices have been greatly reduced. You will be welcome at all times.

Five Dentifrice Features in One

(Newest ideas of all dentifrices combined in Calox

WHITENS TEETH
Forms active peroxide of hydrogen in the mouth
PREVENTS ACID MOUTH
Creates alkaline lime-water in the mouth
DESTROYS DECAY-GERMS
Releases pure, refreshing OXYGEN gas
REMOVES TARTAR FILM
Peroxide and lime-water combine to dissolve and wash away tartar
TASTES GOOD
No strong druggy flavor

SOME of us brush our teeth to whiten them; others to prevent decay and still others to refresh the mouth. Many believe they have acid-mouth or wish to remove the "crust of tartar" which is forming.

Regardless of why *you* brush *your* teeth, study the chart above and decide whether the dentifrice you are now trying *will do* or *is doing* all that you can reasonably expect from a dentifrice.

If it is, continue to use it faithfully. If it is good for only *one* of the duties of a good dentifrice, you had better try McK & R Calox, which combines in *one* dentifrice *most* of the features of *all* modern dentifrices.

If you haven't heard the story of McK & R Calox—how it forms real lime-water in your mouth to prevent acids—how it creates fresh active peroxide on the teeth every time you brush them—how it releases genuine oxygen gas which penetrates into every crevice and "gasses" the dangerous decay-germs into harmlessness, if you don't *know* this story of the victory of modern science, send for "The McK & R Calox Story."

Your dentist will recommend McK & R Calox to you and your druggist has it. Try it next time you need a dentifrice.

The taste is a surprise to most people. It is not the least bit "druggy" which proves that it *is* possible to make a pleasant tasting dentifrice and that a "strong" taste does not prove the efficiency of any paste or powder.

Japanese Massacres In China

THE remarkable statement issued by Major General Sato on behalf of the Japanese War Office in attempted extenuation of the Japanese atrocities in the Chientao District (Chinese territory be it remembered) does little towards clearing the Japanese troops of the obloquy and odium brought upon them by their ruthless massacre of Christians and destruction of Christian homes. In fact it admits the very crimes charged. Its attempt to place the blame for the outrages upon the shoulders of the missionaries will mislead no one and will cause the whole document to be received with derision. Major General Sato says:

"The missionaries who are now accusing the Japanese troops of cruelty are themselves the cause of the tragedy. I regret that the Koreans are not alive to the fact that their real grievance is against these mischief-making missionaries."

He goes on to say that "Japan allows full religious liberty but cannot allow treason which threatens to undermine the foundations of the Empire."

But these massacres are taking place in Chinese territory. And as Sato points out, the Japanese feel compelled to hurry the matter because the Chinese have asked them to retire to their own territory. Before obliging the Chinese however they wish to exterminate all the Christians they can lay hands on. And this in China in the face of China's protest against the presence of Japanese troops on her territory!

The facts are, as narrated by Dr. S. H. Martin, M. B. C. M., a missionary physician attached to the Canadian Presbyterian Mission at Yongjung, that Japan has 15,000 soldiers in the Chientao district, who are exterminating all known Christian men of Korean extraction, burning their homes and destroying their food supplies. According to Dr. Martin village after village is being methodically burned—all these villages in Chinese territory! Take one paragraph from his report on the village of Norabawie:

"At daybreak a complete cordon of Japanese infantry of the line, armed to the teeth, surrounded the main Christian village, and starting from the top of the valley set fire to the immense stacks of unthreshed millet, barley, and straw, then ordered the occupants of the houses outside. In each case as the son or father stepped forth he was shot on sight and as he fell on his face, perhaps only half dead, great piles of burning straw were piled on the top of him. I was shown the blood marks on the ground caused by the bayonet thrusts inflicted on the men as they strove—in spite of the fact that they had been shot three times, at close range—to rise from the flames. The bodies were soon charred beyond recognition. We were shown bits of the arm and leg bones still lying in the embers. The mothers, wives, and even the children, were forced spectators of this treatment of all the grown males in the village. Houses were fired and soon the whole country was full of smoke which was plainly visible from this town. The Japanese soldiers then spread out and burned the houses of Christian believers in other villages all the way down the valley to the main road, when they returned home to celebrate the Emperor's birthday."

Dr. Martin says that he alone has the names and accurate reports of 32 villages where murder and fire have been used. One village had as many as 145 inhabitants killed. China is powerless to stop this unexampled orgy of wholesale murder. Can she not make her appeal to the League of Nations, composed almost wholly of Christian races? Cannot the Christian missionaries on the ground draft such an appeal?

Another careless citizen was Sam Ryder of Marshall, Ill. A campaign document addressed to him was returned stamped: "Dead. Left no address."

The king was in the bathroom, brewing something funny;
The queen was in the kitchen, drinking gin and honey;
The maid was in the garden, gathering a souse;
And they all lived together in a prohibition house.

• • •

SPOOKS

The spiritualistic revival started by Conan Doyle is surging through the suburbs. There is an increasing number of persons who profess to hold communion with the other world, and call up Aunt Jane and Uncle Peter to give advice to their mundane relations. Whispers of the curious industry are heard on tram and train and ferry-boat where women assemble. One of the queerest manifestations of the craze has come to light in the suburb I affect. Our two most fashionable mediums are divorcee persons and their clients get real entertainment for their money. The spirits raised by Mrs. Blobbs descend bitterly on the amorous imperfections of Blobbs, and Blobbs' spooks refer in opprobrious terms to the moral obliquity of Mrs. B. The ambition of scoffers who attend the Blobbs sympos' is to secure a combined seance, and let the rival spirits have a ding-dong go on the one-to-win basis. It should be an historic struggle.

• • •

STRONG IN DEATH

Sir Arthur Conan Doyle, in the course of one of his Melbourne lectures, described the clothing of the spirits, which, he insisted, was quite smart; but a spirit called to meet an earthly relative must assume the garb and manner in which she was known on earth, otherwise she would not be recognised.

Along the fields of Asphodel
The message stern was blown:
"Ho! Pass the word for Mrs. Bell
She's wanted on the 'phone."
(Her husband of the lower world
Was sending out a call.)
Came Mrs. Bell, with tresses curled,
And smartly dressed,
And she was blessed.
If she could rest at all.

Full forty years she had been dead,
And in these latter days
The man she owned ere breathing fled
Had changed his evil ways.
And now at seventy-four he came
To trouble his old wife—
In Spiritland a smartish dame
Whose dresses were
More fine than e'er
They'd been in mortal life.

She answered James indignantly
(She wished he'd have more sense)
"Why wilt thou still keep calling me
From my amusements hence?
Why wilt thou have me such a guy?
Observe me, man alive!
Lock what an awful fright am I
In bustle fat
And cranky hat
Of eighteen-sev'nty five!

"At this old skirt the cherub hoots:
The body's a disgrace.
And think of 'lastic-sided boots
In present years of grace.'
With hair dressed so I am too proud
To leave the Austral green.
Henceforth no callers are allowed.
So frocked, thou know'st
A decent ghost
Is not fit to be seen."

EDDYSON.

Far Eastern Bar Association Holds Meeting

The seventh annual meeting of the Far Eastern American Bar Association was held in the United States Court room on Monday, December 6, at 5:15 p.m., the President, Judge Lobingier, in the Chair and Mr. F. J. Schuhl acting as secretary.

The following were nominated and elected associate members: Messrs. Theodore E. Simmang, Peking; W. W. Blume, Nanking; J. R. Browne, Shanghai and Edgar M. Kitchin, Washington, D.C.

The President then read his annual report which was followed by a sketch of the life of the late Mr. Thomas R. Jernigan by Mr. R. T. Bryan, Jr.

Various matters of interest to the profession were discussed and the election of officers for 1921 resulted as follows:

President, Judge Charles S. Lobingier.

Vice-President for South China and *ex-officio* Chairman, Shanghai branch, Maj. Chauncey P. Holcomb.

Vice-President for North China, Mr. Edgar Pierce Allen.

Vice-President for the Philippines, Mr. Eugene A. Perkins.

Secretary, Mr. F. J. Schuhl.

President Charles S. Lobingier, in his annual report, said:

"Our association is about to begin the seventh year of its existence and, in accordance with precedent, it is my pleasant duty to review those events of the past year, and call attention to those subjects which have a special interest for our membership.

LEGISLATION

"In my report for last year I had occasion to say:

For most of our people in this part of the world Congress is the sole legislature and its acts, in so far as applicable here, should be the special study of our members. Moreover this Association would seem to be the logical one to consider and propose needed legislative changes and, with the aid of organisations like the American Association and the American Chamber of Commerce of China, to labor for their adoption. For some time past a bill has been pending in both houses of Congress to promote the efficiency of the United States Court for China. Meahwhile it has been deemed advisable to incorporate into other and routine measures the more urgent features.

"I am pleased to be able to report that the plan hinted at in the last sentence has been successfully pursued and that the more urgent features there mentioned—to wit the unification of American judical functions in Shanghai and provisions for increasing the Court's revenues—have been enacted into law.

"The office of Commissioner, which has been a part of American judicial machinery in China from the beginning is, by this recent legislation, continued and confirmed and to it are added the powers of the United States Commissioner appointed by Federal district courts in the homeland.

"How far this legislation anticipates the plane of law reformers at home is well illustrated by a contribution from Judge Trieber of the United States Court for the eastern district of Arkansas in which he pleads for the relief of such courts from the steady increase of their jurisdiction over misdemeanors.

'The remedy I would suggest' he says 'would be to confer jurisdiction of misdemeanors on the United States Commissioners, with the right of appeal to the District court, where a trial *de novo* can be had.

'The objection that such courts would soon degenerate into Police or Justice of the Peace courts, which have proved so unsatisfactory in many states, could be obviated by having the Commissioners appointed by the District Judges, as is now provided by law, and perhaps requiring them to be licensed attorneys. The judges would exercise greater caution in the selection of the Commissioners, than the voter or the political appointive officer.

'Besides, the power of removal is unrestricted under the present law, and would no doubt be exercised, if a bad appointment had been made. Each district could be divided by the District Judge into a number of Commissioners' districts, subject to the approval of the Attorney General. . . . To prevent frivolous prosecutions for the purpose of making fees, as is sometimes charged against Justices of the Peace dependent on fees, the Commissioners should be placed on a salary, determined by the Attorney General, as he is now authorised by law to fix the salaries of clerks of the District courts, taking into consideration the amount of business transacted.

'The Commissioner could act as clerk in issuing processes, as is now authorised by law, and upon conviction tax as costs the fees now allowed, and when collected to be paid into the treasury of the United States. This is the law now in relation to fees of U. S. Attorneys, marshals and clerks. These courts should be open at all times for the purpose of issuing process, accepting pleas, and the trial of cases in which a jury is waived.'

"It will be seen that all that Judge Trieber proposes is already in operation here, while our Commissioner is also vested with civil jurisdiction.

"The office is indeed one of great possibilities in the way of relieving tht Judge of the United States Court from the rapidly growing burden of routine and detail. Especially in the taking of testimony members of the bar can, by stipulation, utilise the Commissioner in those cases where the Judge must later render judgment, and thus relieve the latter.

"The act requires that the Commissioner shall be an attorney regularly admitted to the bar of the United States Court for China which means that he will always be drawn from your ranks and that every member of the local bar is a possible Commissioner. It is natural to hope, therefore that the office is one in which you will take a special pride and interest and that you will unitedly co-operate with the incumbent, whoever he may be, in utilising his powers to the fullest extent towards making the office most serviceable.

INCORPORATION

"Another legislative subject referred to in my last annual report was the bill for Federal incorporation, pending now since July 1919. The last session of the 61st Congress opens today in Washington. Little more than organisation and routine may be expected before the holiday recess and when the houses reassemble in January barely two months will remain of the Congress which expires on March 4, 1921. That period will no more than suffice for the vast volume of unfinished measures passed over from the session which ended last June and for the appropriation bills needed for the next fiscal year. It would seem almost too much to hope that any local measure, however important to us in this part of the world, could be considered and passed before March 4 under such circumstances. And if not passed then it must, unless a special session of Congress at which it can be considered, is convened, lie over until the regular session beginning December 5, 1921.

"But this apparently inevitable delay may prove not to be disadvantageous in the end for it will afford ampler time to consider and eliminate grounds of objection to the measure as it stands. Recently it has come to my knowledge that certain lawyers in the United States have raised constitutional objections to the bill on the ground that Congress has the power to authorise incorporation for certain purposes only while the bill provides for incorporation for any lawful enterprise.

"My opinion as to the validity of this objection has been asked but it would be manifestly improper for me to express, for the question is not unlikely to become a subject of litigation. I can only point out that in the act now available in China, the purposes for which it will authorise incorporation are set forth and these include the purposes most necessary here. If, therefore, the clause in question should prove to be unconstitutional, the existing law would seem to meet the situation. After all, the main reason, as I understand it, for seeking new legislation is to eliminate the income tax upon the China business of American corporations and I venture to suggest that the logical place for such a provision is in the new revenue bill which the next Congress is practically certain to pass.

U.S. COURT LIBRARY

I am sure that the members of our Association greatly appreciate their privilege of having access to the largest law library belonging to the Federal government outside of Washington. This is largely the product of the last seven years of growth but for some time it has contained the reports of decisions of the courts of last resort of every American jurisdiction. This means that the practitioner may find here the report of every case decided by each of the more than 50 highest courts of the American judicial system. And that is possible I believe nowhere else outside of America. The library of the Philippine Supreme Court at Manila is extensive and valuable but it lacks the supreme court reports of a number of states.

"Of course our library contains much other material. It has e.g. the reports of all the lower Federal court decisions. Recently we have added a full set of the New York Supplement containing reports of the decisions, many of great practical value, of the numerous lower courts of the Empire state since 1890. The limit having been reached as to courts of last resort a judicious, the limited, purchase of these intermediate court decisions is next in order and suggestions therefore are invited from our membership.

"The effect of our increased library equipment is apparent in the improved methods employed by our members in presenting their cases. Reliance upon mere text books and digests is less common than formerly. Well considered cases in point are now sought and cited by every brief writer and the briefs filed in the United States Court for China will compare favorably with those in courts of last resort in the United States. Our library has thus become a stimulus to better and more thorough professional work which, it is hoped, will be reflected in the output of the bench.

"Finally I desire to express my appreciation of the action of this association in providing the funds for several years for insuring the library, the policy of the Federal government being not to insure its property. For the reasons mentioned our members have a very real interest in our library which could not nearly be reproduced now for its original cost. But as members of the Shanghai branch are its most frequent patrons I recommend that said branch be given the next opportunity to provide the insurance fund.

REPORTS OF U.S. COURT

"Decisions—Discussion of our library leads naturally to the subject of our own court decisions which have now been accumulating for more than a dozen years. After long effort an appropriation sufficient for one volume was obtained last June and I spent practically the whole summer vacation in preparing and editing the copy and starting the work through the press. The text is all now in type and the proofs have been read once. They should be read at least twice more and the index, tables of cases and other accessories remain to be prepared. The unusually heavy docket of the present term, and the necessity of attention to the routine and detail already mentioned, have compelled me to desist from further work on the volume at present and I cannot say when it will be possible for me to resume. When completed, volume one will include the decisions of the United States Court for China down to July 1, 1920, together with those of other courts on extraterritorial questions. Decisions after the above date are being prepared for permanent publication as they appear.

"The same causes which have prevented the completion of the law report have likewise interrupted my unfinished project of revising and amplifying the court rules. This will at least have to wait until the law report is published, unless the committee of this association seriously enters upon the work it was appointed to do.

MEMBERSHIP

"Five new members have joined our association during the current year which has likewise witnessed the loss of one of our most distinguished members, whose life and work afford the subject of a paper to be read at this meeting by member Robert T. Bryan, Jr."

Death Of A Great Buddhist In Japan

One of the historic Buddhist monasteries in Japan lost its abbot by the death of Sodo Ishikawa, which took place on November 16, at the Sojiji Tempie, Shiba, where he had been receiving medical treatment. Two hours before his death, the abbot, rising from his bed, sat on a chair in spite of his weakness, and shouted the last "kwatsu" (a cry indicating the realisation of Buddhahood peculiar to Zen sect) of his mundane existence.

He was born in 1841, the son of a farmer near Nagoya, and received the tonsure at the Taizoji Temple, Nagoya, in his eighth year. When he was 17 he left Nagoya for his scholar's pilgrimage, and after presiding over several temples, he was appointed chief priest of the famous Buddhist temple in Noto, Sojiji, which belongs to the Sodo Zen sect.

The Sodo sect is one of the two influential Zen sects which took root in Japan just before the Mongol invasion, with permanent abode in the remote province of Yechizen, where strict dicipline of Buddhist priests has been assiduously preserved in the two monasteries, Yeiheiji and Sojiji.

The administrative system of the Sodo sect has been from the beginning of its foundation remarkably democratic and the abbots of the two monasteries are appointed by election.

The most significant event during the life of the late Ishikawa was the removal of one of the Sodo headquarters to Tokio when the greater part of the temple was burnt down several years ago. The project was an epoch-making enterprise in the history of the Zen Sect, and caused many brawling discussions. It was owing to his steadiness of purpose and far-sighted imagination that the present Sojiji Temple was erected at Tsurumi to be a permanent monument of Buddhist architecture in Japan.

That the retired life of Zen priests in the remote part of northern Japan was abolished by his decision and the center of Buddhist activities was established in the most civilised part of Japan is enough to immortalise his name in the history of Japanese Buddhism.

The new temple at Tsurumi was dedicated this year, when the 550th anniversary of the second abbot of the monastery was also observed. The Sodo sect lost two notable priests this year, and this may be a severe blow to the Zen Sect where there is a growing tendency to the reorganisation of Buddhist culture and the socialisation of Buddhism.

Bishop Burch Insists Soul Survives; Issue With Edison

BY MARGERY REX

New York, October 25.—Thomas A Edison has evolved a new theory concerning the human personality and its chance of existence after the death of the body in which it dwells. In an interview recently published in a scientific magazine the inventor expresses doubt that there is any hereafter awaiting personality, or soul, as we may wish to call that part of our mental and spiritual composition.

Our bodies are made up of countless small cells which Mr. Edison calls entities. These cells never die, but at the time of death pass from the body to take other form, "thus giving the eternal life which many of us hope for, this means little to you and me," as Mr. Edison is quoted as saying. "If, when we come to that stage, known as death, our personality breaks up into separate units which combine with others to form new structures."

Mr. Edison is at present constructing an instrument with which he expects to determine whether or not it is possible to communicate with departed spirits.

Dreary and hopeless as the scientist's belief may make the future for those who agree with him or are influenced by his statements, the opposite side of his argument is here made by Bishop Charles Summer Burch, of the Episcola Diocese of New York.

VIEWS OF BISHOP BURCH

"This is a very interesting contribution by Mr. Edison to the discussion of a subject which is before the people of today more interesting than it has been for a long time," said Bishop Burch. "I do not like to reply without giving this my long and earnest attention, but I will say this much:

"In regard to a hereafter, there would be no Christian belief that could be bulwarked by logic or by hope, if personality ended with this life.

"I believe in the Christian idea of the immortality of the soul, and that would include the continuance of the personality after death. This is our reverent belief, yet we must depend on revelations, on our trust and belief in the past of the Christian religion and on what conclusions great philosophers have reached favorable to our faith. Take, for instance, Plato and Socrates and others, not Christians at all. They did not believe that life ended at death.

"Without such belief we have nothing by which to justify life, our efforts, our sufferings, our inequalities that are almost unbearable, are without reason if we cannot look forward to the immortal life of the personality.

MUST BE SOME RECOMPENSE

"There is no question but that every day there are great injustices suffered by men, women and children through no fault of their own, and if we believe in a personal God we know that somewhere these things are regulated and recompensed.

"Mr. Edison likes to theorise, imagine, discuss his likes, thoughts and tendencies, but this article of his, wherein he states his theory of life, is a contradiction, in itself, of the very essence of life.

"If Mr. Edison is to be believed, then our world is not worth the trouble of living in it."

"To right the wrongs we have suffered, the wrongs we have inflicted on others, to justly balance this world of ours, there must be a hereafter. Everything leads up to it, but we can't prove it."

Bishop Burch was asked his belief in the possibility of communication with the departed. He replied that the consideration he had given the subject had afforded him no satisfaction.

"At the Lambeth Conference, which I attended in London, that topic was gone into thoroughly and the mass of evidence and studies on the subject were very unsatisfactory. We discussed it at length, but got nothing out of it worth while.

"Remember, not only Christians believe in a future life. That hope is the foundation of nearly every religious belief from earliest ages. However, what I have said is merely comment on the bare synopsis of Mr. Edison's article as contained in the clipping you have shown me. I wish I could take longer to consider the matter in order to give you an answer that thoroughly satisfied me."

MR. EDISON'S STATEMENTS

In order to give the reader a clearer idea of what Mr. Edison has said regarding life and its destination the following excerpts from his interview are given here:

"I believe that life, like matter, is indestructible," began Mr. Edison,

SWISS **GRUYERE** CHEESE

Preserved in small tins
Bouquet des Alpes Brand

This creamy Gruyere-Cheese is prepared from the richest unskimmed milk from the Swiss high-pastures under the most hygienic conditions, and is warranted pure. Being packed without crust, it is more economical than any crusted cheese, every particle being eatable. The manufacturers of the "Bouquet des Alpes" Brand, who are also the inventors of this kind of Swiss Cheese, succeeded in packing Gruyere-Cheese into small tins, and by their special process are not only able to secure a perfect preservation but also to retain the delicate flavour of the finest Gruyere-Cheese.

In tins of 8 oz. and 4 oz. net

Far East News Notes

CHINESE MILLIONAIRE IS HELD FOR RANSOM

Information received in Manila from Amoy says Lim Chu-cung, son of the late Francisco M. Lim Tuico, a Chinese multimillionaire, who recently took the body of his father to China for burial has been captured by a band of robbers and taken to the mountains where he is held for ransom.

Lim Chu-cung is 18 years old and not married. He is a millionaire and owns several stores in Manila and in the provinces of the Philippines. Lim Chu-cung speaks Chinese, English and Spanish fluently.

His relatives in Manila expect to take immediate action through official channels as soon as detailed information is received in Manila.

Shortly before his capture, Mr. Lim founded a girls' school and a boys' school in Ho San, his native village. He has financed several charitable organisations in his province.

HARRISON ATTACKED BY MANILA EDITOR

Gregorio Perfecto, editor of La Nacion, the organ of the democratic party in the Philippines and one of the prominent members of that body, refuses to be a member of the committee to take charge of plans to give Govenor General Francis Burton Harrison a rousing farewell to show the gratitude of the Filipinos for the work he has done there.

Mr. Perfecto does not believe that the chief executive has done anything to deserve this gratitude.

MANILA AERO CLUB GETS FLYING FIELDS

The Aero Club of the Philippines has been reorganised. Major Earl L. Canady, Philippine department air service officer, was chosen president; Joaquin Pardo de Tavera, first vice president; Jorge B. Vargas, second vice president.

Three flying fields were donated to the club. These were accepted and will be named in honor of the donors. Davis field will be at Guimba, Nueva Ecija. It is donated by Captain Ira L. Davis of the national guard. Gonzales field, at Rosales, Pangasinan, is donated by Captain Augusto A. Gonzales. Tanintuan field, in Pampanga, is donated by a wealthy planter of that name. The donors will bear the expense of grading these fields and making them available for landing and supply stations.

FIGHTING MOONSHINE IN PHILIPPINES, TOO

After a strenuous hunt of almost two months, Assistant Internal Revenue Agent Enriquez, in company with four assistants from the same bureau, will return early this month to Manila to render a complete report on their work in breaking up gangs of moonshiners in the province of Albay.

Agent Enriquez was sent to Albay in August following reports to the bureau of internal revenue that traffic in moonshine alcohol was widespread, the traffickers being a gang of mountain people, who were operating on a large scale.

Several instances of merchants realising unusually large profits from this counterfeit product are said to have been reported during the past few months but it is claimed the authorities did not attach much importance to the reports.

ANTI-AMERICANISM IN JAPAN IS INTENSE

Richard Byrd, photographer for the Pathescope, the Pathe company in Canada, was set upon and stoned by a mob of thousands of Japanese on a public street in Tokio within the last month when someone shouted, "He is an American!"

Mr. Byrd, who is an Englishman, took refuge in a store and appealed as soon as he could to the British consul.

The British consul explained Mr. Byrd's nationality to the Japanese authorities and lodged a complaint; Mr. Byrd was thereafter accompanied by a police guard until his films were completed and he left Japan.

In Korea he was again taken for an American. He was arrested two or three times and on one occasion he was kept in jail two days. The feeling against Americans has grown intense among Japanese since the alien land-law agitation became a paramount political question in California, travelers say.

PHILIPPINE CARNIVAL TO BE HISTORIC PAGEANT

The opening day of the Philippine carnival will be featured by one of the best land and water parades that have ever been witnessed in Manila if the efforts of the carnival authorities in this regard meet with success.

The main item of the parade on land will be a pageant depicting the discovery which will be conducted by the carnival association.

The pageant will include the landing of Magellan in the island of Mactan near Cebu, the ceremonies that took place when the Spanish flag was planted on Philippine soil for the first time, and the act of thanksgiving performed when the great navigator claimed the islands for Spain.

The persons paticipating in the pageant will be clad as of old and will portray the historical event as faithfully as it is possible to do.

PAPER LOSES ITS FAITH IN TOKIO CITY FATHERS

The city fathers of Tokio are not to depended upon, says the Yorodzu, and gives as an illustration the breakdown of the scheme of building municipality owned residential quarters.

The Yorodzu attributes the inefficiency of the Social Bureau of the Tokio municipality to difference among the higher city officials. The struggle between Mr. Nagai, assistant to the Mayor, and Mr. Kubota, director of the Social Bureau, still continues, to the disorganisation of the work of the bureau, although the struggle is several months old.

The Yorodzu finds with surprise that the Y.2,000,000 which the municipality borrowed from the national coffer at low interest is still awaiting utilisation in the strong-boxes of the bank, excepting Y.10,000 which was expended on timber some time ago.

There is no telling when the scheme will be completed, although the director of the Social Bureau and other officials of the bureau make repeated assurances that Tokio will soon possess municipal residential quarters. According to the Yorodzu, the citizens have had enough experience of the faithlessness of the city authorities to put any great stock in the word of a bureau director.

The Yorodzu also strongly protests against the method followed by the municipal officials in determining the sort of goods to be sold at the city owned markets. The Yorodzu charges that a member of the city council used his influence with success in vetoing the proposal for sale of beef and pork at the public markets because he was the owner of a meat shop.

KING OF SIAM SCORES THIS TIME

The King of Siam has become betrothed to Princess Vallabha Devi, his first cousin. In a communique to the Privy Council, the King states that his decision was arrived at after mature consideration, and in the belief that it will secure his domestic felicity, and serve the interests of his country.

in outlining his theory of life and death. "There has always been a certain amount of life on this world and there will always be the same amount. You cannot create life; you cannot destroy life; you cannot multiply life

"The entities are life, I again repeat. They are steady workers. In our bodies these entities constantly rebuild our tissues to replace those which are constantly wearing out. They watch after the functioning of the various organs, just as the engineers in a power house see that the machinery is kept in perfect order.

"Once conditions become unsatisfactory in the body, either through a fatal sickness, fatal accident or old age, the entities simply depart from the body and leave little more than an empty structure behind. Being indefatigable workers, they naturally seek something else to do.

"They either enter into the body of another man, or even start on some other form of life

"The entities live forever. You cannot destroy them, just the same as you cannot destroy matter."

MARTIN'S **APIOL & STEEL PILLS** for LADIES

A French Remedy for all Irregularities. Thousands of Ladies keep a box of Martin's Pills in the house so that on the first sign of any irregularity of the System a timely dose may be administered. On Wednesday, December 8th, for One Night Only

A story of the small towns and big cities. In it are all the big figures in the life about which the public reads in the newspapers: millionaire steel magnates, discarded wives; good girls and bad girls; spenders and wasters, and the solid, clean, dependable people who are the salvation of the world. All of these are recognisable figures in the tremendious

Rex Beach Picture

taken from the most popular modern author's greatest recent novel, known to the people of the entire world,

BEAUTIFUL and WINSOME

MARION DAVIS

AS THE SALVATION ARMY LASSIE
WITH THE WORLD-FAMOUS ZIEGFELD BEAUTY CHORUS IN

"The BELLE of NEW YORK"

It's full of action, heart throbs, tears and smiles. It's excellent. The Ziegfeld Beauty Chorus lend charm and beauty to the picture, the sets throughout are of magnitude seldom seen even in the present day high-class pictures, the atmosphere is real, vital, splendid and the picture has finesse.

Special music by our splendid orchestra.
